WESTMINSTER FOLKS AT PASTOR'S FUNERAL

WESTMINSTER, Sept. 26.—Mrs. Byram and daughter Marjorie went to Los Angeles Tuesday where the latter will attend Occidental the coming year. They attended the funeral services held Tuesday, for R. W. Cleland, who passed away at 4:30 Sunday morning, after a few days' illness from acute indigestion. He was thought to be better Saturday but his sudden death from heart failure was

a shock to his many friends all over Southern California. He preached in the Presbyterian church here about a month ago having for his theme, "The Heavenly Home," and mentioning a number whom he should meet when he arrived there, making it seem very real as though he were anticipating a pleasant journey.

The services were held in the college chapel, he having been a valued friend of the college since its early days, and was known as "Father Cleland." He has given two sons to the college, one of whom has "gone

Reconstruction Day at the First Christian Church Sept. 28th.

The men's Bible Class is a live bunch of men. Come and see what happens. A class where every man can express himself. Man, it will do you good.
Main school 9:45 a. m. Beautiful opening by the Primary Department. The Princess Royal and her maids by the young girls will inspire us. A fine orchestra will lead the music.
A special Rally Day song written for the occasion by Mrs. Porter will be sung by the young ladies.
In this day of reconstruction the church has an important part, come help make the world what it ought to be.

The words of the different speakers, the large number present, and the masses of beautiful flowers, all attested to the love and regard with which he, who was interested in every one, was held.

FUME CRISIS IS STEEL STRIKERS CONSIDERED BY BY ITALIANS AND POLICE IN GUN FIGHT

King Emmanuel Presides at Shots Are Fired By Snipers
Crown Council and Three Captured
Nitti Speaks By Officers

BY CAMILLA CIANFARRA
(United Press Staff Correspondent)
ROME, Sept. 26.—The crown council, meeting to consider the crisis created at Fiume by Gabrielle D'Annunzio, convened at 9:35 o'clock this morning. An adjournment was taken at noon and the session resumed at 4 o'clock continuing until 7.

Baron Sottino, former minister, and Signor Turati, Socialist leader, were not present.
King Emmanuel presided at the conference, sitting between Premier Nitti and Foreign Minister Tittoni.

Nitti was the first speaker, the Epoca reported today. The premier is said to have acquainted the council with the facts in the government's possession affecting the internal and foreign situation. He also told of the probable economic and political consequences of the Fiume expedition.

Nitti was followed by Foreign Minister Tittoni, who explained the latest concessions Italy had submitted to the peace conference and expressed regret, according to the Epoca, that President Wilson had not replied to the Italian proposals.
Recognition Not Expected

Tittoni is quoted as saying that the peace conference would hesitate to recognize Fiume as a part of Italy, especially after D'Annunzio's occupation of the city, for fear that Czechoslovakia would be inspired to take drastic steps in their demands for Tschchen, that Jugo-Slavia would act similarly with regard to Klagsfurt and Radesberg, that Greece would press her demands for Thrace and Rumania would insist on her claims to Banat.

Tittoni is said to have pointed out that such developments as these inevitably would disrupt the peace conference.
Signor Bonasi, president of the senate, and Signor Macrow, head of the chamber of deputies, spoke next.

Signor Giolitti, former premier, maintained that an election with the annexation of Fiume, as a part of the platform, would check the agitation over the question. Signor Salandra, also an ex-premier, opposed such a step, declaring that under the circumstances an election would be dangerous and might lead to civil war.

Former Premier Bisolati and Signor Federoni, nationalist leader, are reported to have requested immediate occupation of Fiume by regular troops.

FIRE NEW SHOT IN ROW OVER AUTOMOBILE

Firing a fresh broadside in legal proceedings involving the ownership of a Chevrolet automobile, Attorneys Scarborough and Forgy of this city today instituted an action in behalf of Charles McQuillin, administrator of the estate of Ella L. McQuillin, against George, Rudolph, James C. and Nora Tanner.

The filing of the present complaint follows hard on the heels of a complaint filed on September 6, in which McQuillin set forth that he "suspected" George and Rudolph Tanner of embezzling the automobile in question. He asked that the two men be cited to appear before the court that they might be examined as to the matter of his complaint. Last week George and Rudolph Tanner, with Tipton and Calor of Anaheim as their attorneys, filed an answer to the first complaint, in which they denied that they had taken the car from McQuillin and in which they alleged the machine had been in the common possession of themselves and the late Ella L. McQuillin.

In the complaint filed today McQuillin says that he and the defendants own the machine in common. He asks that the court establish the rights in the automobile of the various parties concerned. If being impracticable, he says, to partition the property, he asks that the car be sold and the proceeds divided among the parties as to their several interests.

McQuillin says that the car is worth \$900, and that, as administrator of Ella McQuillin's estate, he owns a 55-90 interest in it. The defendants, he recites, own a 35-90 interest, but he is unable to state specifically, he says, what part of this 35-90 interest each of the defendants is entitled to. McQuillin in his suit today asks judgment for the amount expended by him for the common benefit, that is, counsel fees and costs of court. If the car is sold the sum realized is to be divided in two ways, first, to pay for money expended for this "common benefit" and, second, among the parties according to their respective rights.

CITRUS AUCTION SALES
NEW YORK, Sept. 26.—Sixteen cars of oranges and one car of lemons sold. Orange market strong on best stock, 10 to 20 cents lower on poor stock. Averages \$1.86 to \$3.34. be a violation of the laws of Ohio, but I respectfully urge upon you to use your best offices in order to avoid any possibility of conflict between the citizens of this commonwealth and the state government of West Virginia."

Chicago District Steel Mills Resume Operations

CHICAGO, Sept. 26.—Steel company officials in the Chicago district claimed today that they were gradually resuming operations.

The Illinois Steel Company, in South Chicago, had six furnaces going. An official predicted that all departments would be in operation at a limited capacity by the first of next week.

The Gary works of the Illinois Steel Company had 75 coke ovens in operation. Four thousand men were reported working in the plant, which usually employs 12,000.

National Committee Must Vote Before New Walkout

NEW YORK, Sept. 26.—With the steel workers apparently losing ground in the Pittsburgh district in the strike against the U. S. Steel Corporation and its subsidiaries, efforts were being made today to extend the strike to the Bethlehem Steel Company on Monday. The vote in favor of this new strike must be approved by the steel workers' national committee.

In the all important Pittsburgh district reports today indicated that men were returning to work in many mills. In the other steel districts neither side appeared to be gaining appreciably except at Canton, Ohio, where 1200 men were said to have voted to return to work on Sunday.

PRESIDENT ILL AND TOUR IS ABANDONED

(Continued from Page One)

largely in riding to auditoriums. It was announced Wilson had suffered headaches for several days past, although he had not complained of them except to his immediate associates on the journey.

The President has made forty speeches during the tour since leaving Washington September 3 and has spent all but a half dozen nights on the train.

Remaining dates on the President's schedule were Wichita and Oklahoma City today, Little Rock, Ark., and Memphis, Tenn., September 27; Louisville, Ky., September 28 and 29. He was to arrive in Washington September 30.

ROME, TOKIO FLIGHT WILL NOT BE HALTED

TOKIO, Sept. 26.—The Italian embassy announced today the act of D'Annunzio in seizing Fiume will not interfere with the proposed air flight from Rome to Tokio. An Italian aviation office has been organized. The Japanese government is arranging to welcome several Italian aviation officers who are en route to Japan.

S. P. SHASTA ROUTE TUNNEL IS OPENED

REDDING, Cal., Sept. 26.—Tunnel No. 2 on the Southern Pacific Shasta Route, which has been blocked since last Saturday, was opened this morning to traffic. No further transfer of passengers over the tunnel will be necessary.

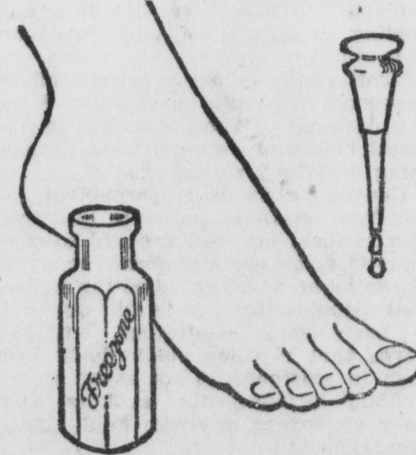

The tunnel was blocked when five freight cars were derailed in it.

KILLED BY EXPLOSION

MONTREAL, Que., Sept. 26.—One man was killed and sixteen injured in the explosion of an acetylene tank in the welding room of the Vickers Shipbuilding plant yesterday.

Lift off Corns!

Doesn't hurt a bit and Freezezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus, instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

COUNTY SCHOOLS SHOW INCREASE IN PUPILS

Principals of County Meet and Discuss Some Educational Matters

A meeting of the Association of High School Principals of Orange County was held in the office of the principal of the Santa Ana high school Wednesday afternoon. Those present were Principals Plummer of Fullerton, Clays of Anaheim, Hammond of Santa Ana and Brunton of Orange.

The meeting was presided over by Principal Brunton. The matters discussed were matters of interest to all the patrons of the schools of the county.

After preliminary reports on the opening of the school year it was found that every school in the county has a considerable increase in the enrollment. Fullerton with 550 as compared with 450 last year; Santa Ana with 799, as compared with 750 last year; Anaheim with 325, as compared with 275 last year and Orange with 378, as compared with 325 last year. Every school is crowded to the limit. In Santa Ana and Fullerton the classes have reached the limit of effective work in nearly every department. In Orange some of the classes are very badly crowded. The largest has 65.

Some noteworthy observations on the selection of courses was mentioned. The enrollment in science, all elective, was heavier in three of the schools than ever before. In Santa Ana the enrollment in the science course was normal. There is a decided dropping off in the Manual training courses and domestic science courses except in Santa Ana where the enrollment in the manual training department is heavier than last year.

The Association of Principals is preparing a letter to Congressman Kettner urging him to lend his support to the Smith-Townsend bill for establishing the department of education as a part of the President's cabinet and for contributing \$100,000,000 a year for educational purposes from the national treasury to be apportioned to the states in an equitable manner. Inasmuch as citizenship is national education for citizenship should be national and all boys and girls should be given as nearly as possible equal opportunities for education.

The county superintendent was called in for consultation about the coming institute to be held in conjunction with the county fair to be held in Huntington Beach the first week in October. October 4 will be the day set aside for the schools. Exhibits from all the schools of the county will be made as a county exhibit, omitting the idea of inter-school competition.

A Schilling & Co San Francisco

GIVES WARNING OLD SWINDLE IS BEING WORKED

Post Office Says Spanish Treasure Letters Are Again Coming

The Post Office Department wishes to call to the attention of the public an old Spanish swindle which has been revived. The scheme consists in sending letters to certain persons who have previously been selected by confederates. The foundation of the plot varies somewhat. In some instances the writer represents himself as a dying prisoner in a military fortress. He has a fortune on deposit in the United States, but the certificates of stock are concealed in a secret receptacle of his valise, which has been seized by the Spanish court, and will be held until the prisoner, or his representative has satisfied the cost of the trial. He claims distant relationship with the addressee. If the letter bears fruit, it is quickly followed by others in which the prisoner's daughter plays a prominent part. She is in Spain without a protector. A proposal is made to send her, accompanied by a priest, to the newly found relative for protection, if enough money is sent to release the valise containing the secret receptacle and the certificate of deposit. If the relative will accept the trust he is to receive one-fourth of the prisoner's entire fortune of about 120,000 pounds. Of course, the "relative" never hears from the swindlers after he has sent the money requested.

Under the Spanish law a felony must be consummated before the police may act, and a mere attempt to obtain money by false pretenses does not appear to warrant arrest. The money must be actually paid over, and the prosecuting witness must be present to testify, otherwise prosecution would be useless.

The swindle was abandoned during the war, but has recently been revived; most of the letters so far observed bear the postmark of Madrid, though a few come from Mexico City. Postmaster Overshiner does not know that any of the swindle letters have been received here.

T. E. STEPHENSON ON IRRIGATION BOARD

Appointment By Governor Stephens Is Given Out In North

Gov. Wm. D. Stephens today announced at Sacramento the appointment of T. E. Stephenson of Santa Ana as a member of the State Irrigation Board.

This board has in charge the organization of irrigation districts in the state, and by joint district and state action or joint state and federal action can contract for carrying out irrigation projects. The board also may have charge of conservation districts.

A separate act, however, was put through the last legislature under which it is proposed to organize the conservation district that is to comprise Orange, Riverside and San Bernardino counties.

The board meets periodically for a day or two at a time in Sacramento or San Francisco. The board may appoint any of its members to hold hearings and report conclusions. The work will not interfere with Mr. Stephenson's work on the Register. Bonds of irrigation districts are to be approved by this board.

The last legislature amended the act under which irrigation districts are formed, so that a majority acreage instead of a two-thirds acreage may call for the organization of a district. With this provision extensive areas in the San Joaquin valley are to go into irrigation districts.

In Orange county two irrigation districts, those on the Newport mesa, have recently been formed, and a third, that on the Huntington Beach mesa, is proposed.

Appropriately Named

"What did you say you call your wife for a nickname?"

"U-boat."

"Why?"

"Because whenever I come home late she blows me up without warning."

AFTER SUFFERING A WHOLE YEAR

Mrs. King Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Iola, Kansas.—"I was a constant sufferer from female trouble for about a year. I had pains in back and stomach, in fact all over me, and was all rundown. A friend of mine was cured of the same trouble by Lydia E. Pinkham's Vegetable Compound. I took it and it gave me health and strength and made a new woman of me. I cannot praise your Vegetable Compound too highly, and you may publish my testimonial as it may be the means of helping some other suffering woman."—Mrs. IRENE KING, 105 West Campbell Street, Iola, Kansas.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, ready to bring you health and may save your life.

New Fall Coats

—Styles and materials join in proclaiming these coats most stylish and comfortable for coming cold days. Collars, Belts, trimmings, are distinctively new; weaves and colors are those decreed most fashionable.

—We were fortunate in placing orders early for many of these garments, which enables us to offer values out of the ordinary.

—Every garment is marked at a price that will enable you to save a good round sum on your Fall expenditure.

—New Coats at \$25.00, \$30.00, \$32.50 and up.

Charles Spicer & Co.

ests of that city and a series of such meetings will be held to develop a spirit of neighborliness, with other cities and communities.

The total amount of money received by the Santa Ana postoffice for army food orders since orders were first received is about \$700, of which \$300 came in during the last week after a shipment of army food was received by employees of the local postoffice.

Mrs. C. A. Westgate of Buaro, Vir-

gil Pritchard of El Modena and C. C. Butterfield of Newport Beach have returned to their homes following recovery from operations at the Anaheim hospital.

Bids for the new ornamental lighting system to be installed at Orange at a cost of from \$15,000 to \$20,000 will be received on October 13, according to a decision reached by the Orange board of trustees. The system is to be installed in the business district on Chapman avenue and on Glassell street.

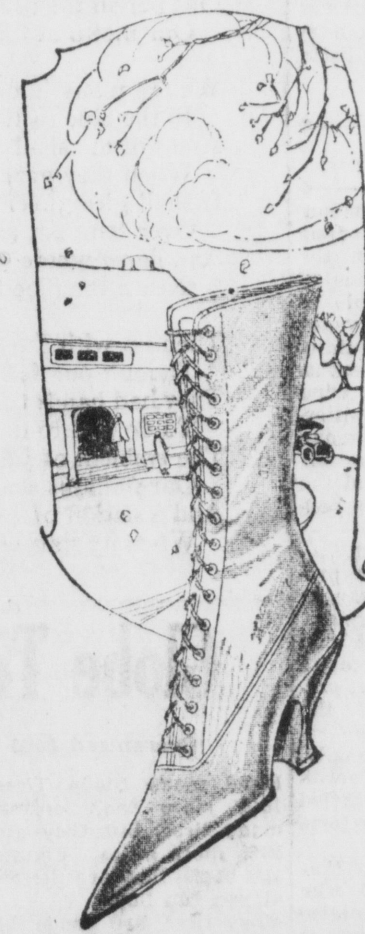

Word received at the forest ranger's station at El Toro today is that the three brush fires reported yesterday are now out. The nearest of these fires was on the Santa Rosa ranch southeast of Elsinore.

ENGLISH FOR ALIENS

Good results are bound to be obtained through the operation of the new state law that requires foreigners under 21 years of age, who cannot speak and write English, as well as ordinary public school pupils in the sixth grade, to go to school.

Here in Orange county the law is of particular interest for the reason that it applies to Mexicans, who are the only nationality of uneducated foreigners who are among us in any considerable numbers. Through the provisions of this law not only must Mexican children under 16 years of age attend school regularly, but Mexicans between 16 and up to 21 must attend night school until they have reached the standard set by the state law. Santa Ana school authorities are prepared to give the instruction required by this new state law.

Aliens in Utah must meet fifth-grade requirements in speaking and writing English or else attend school four hours a week. The legislature has appropriated \$20,000 for this Americanization work. The new state law, which has just gone into effect there, concerns aliens between the ages of 16 and 45 years, excepting only those who are mentally or physically disqualified. Attendance at either night or day school is required, the time being left to the individual's choice. Attendance must be regular and not less than four hours a week.

Rhode Island has passed a law compelling aliens between 16 and 21 years, who cannot speak, read or write English to attend Americanization schools at least 200 hours a year. There are fines for failure to attend such classes, and if there is continued willful absence, the person refusing may be committed to an institution during his minority.

These laws in California and other states may seem drastic, but some day the foreign-born people who have come under them will be glad of the stern laws which compelled them to learn English.

With our own Mexican population, many advantages will be reaped. Mexicans who are able to understand English are less likely to fall victims to the wiles of agitators. Better understanding between American employers and Mexican employes is counted upon to bring about more stable labor conditions.

The greatest difficulty that sugar-beet growers here have had in dealing with dissatisfied Mexican laborers has been the inability of the grower to present his side of the controversy to the laborers, who could not understand English and who were thus left to believe what they were told by agitators.

Through the schools, the younger Mexicans and their parents will become impressed with the necessity of living up to the laws of this country. A new confidence will spring up, and whatever can be done toward Americanizing the Mexican people who come to us from across the border will be given opportunity of accomplishment. Some education in English is essential to taking the first steps in Americanization.

SEE IT THROUGH

A good many people of the city are becoming impatient over the fact that whatever steps are being taken toward the improvement of North Main, East Fourth and East First streets are being taken with such deliberation that almost no progress is being made. There is no question but that it is the desire and intention of the Board of City Trustees to re-pave portions of those streets. The numerous angles to the situation upon each street has called for a good deal of careful consideration, but in each case the deeper the investigation goes the more baffling becomes the problem of re-paving. In the meantime each street is "rapidly getting no better."

Evidently, the City Trustees must take the bull by the horns, or allow the city to continue to suffer the conditions that make re-paving an imperative consideration. The problem of none of the three streets can be settled and everybody be satisfied. It is one of those situations that City Trustees must occasionally face and take the consequences. They must make up their minds upon some course of action that appears to them to be the fairest, and go ahead, and see the thing through.

Possibly the question as to the decision of the Pacific Electric as to whether or not its tracks will remain on Main street may be cause for some delay on North Main street, and in

fairness to the trustees it should be said that they have desired to give time to the property owners of that street to get together and reach a conclusion as to what they want done. At the present rate of progress, it will be a long time before they get action.

If delays are in contemplation, why not spend a few scores of dollars in smoothing up some of the worst spots. For instance, there is that picturesque bit of pavement on North Main that signals the entrance of a motorist into Santa Ana. Nobody is going to "kick" if the city spends a little money in getting rid of that disgraceful introduction to a street that is replete with occasions for execrations and apologies. There are a number of holes that could be filled and temporarily at least reduce the general average of the menace that each street is to the traveling public.

We may now add to the world's 23 little wars and conflict between Generals Pershing and March over the Sam Browne belt.

The strike epidemic differs from the influenza wave in that in this case the patients do not seem to want to get well.

If the corn market is weak, then Johnny Cake has a chance to become strong with the ultimate consumer.

Worth Saving

Minneapolis Journal

"We have no classes in America," said Dr. Nicholas Murray Butler, in his address at the auditorium. "There is no barrier of class between a man and his fellows in this country." Yet hardly a day passes that some one is not "demanding" something for himself or his supposed class. These demands when backed by force are Prussianism, whether in Germany, Russia or America.

The name of democracy, like many noble words, has a high and good meaning and also a dubious and damnable meaning. It has had a double pedigree. So far in her history America has stood for the highest meaning of democracy. She has demonstrated that representative government is practical, and she has guaranteed to every individual the inalienable rights of life, liberty and the pursuit of happiness. A high quality of idealism has been the glory of our nation's history.

One has but to follow the story of the Italian republics or episodes in the French revolution to see that democracy has not always had this high meaning. And Russia today gives the world a type of low and dubious democracy. She has merely substituted the rule of some thirty men for the rule of one man, and it makes little difference whether liberty is crushed by the master, the mob or the oligarchy. In either case freedom is lost and rule of the majority abrogated.

If Americans continue to spell labor and capital in big letters, and fail to realize that all citizens are workers together, and human beings first of all, there is real danger that democracy here will become chaos and the ship of state go to pieces on the rocks of selfishness. If America cannot stop her own industrial wars and internal strife, she is in poor business posing before the world as a peace-maker and mediator. The selfishness of classes is the greatest danger to the United States today.

It is the glory of America that she has lifted democracy out of its lowest terms into higher forms of liberty, cooperation and idealism. Every loyal citizen must cherish this vision and be willing to sacrifice as much in everyday civic life as he proved himself willing to sacrifice in the time of war crisis. America is worth saving, because she has stood for the highest form of democracy for the world. Democratic republicanism, in this country has been both practical and idealistic, and it must remain so.

Lessons of Fire

Pasadena Star-News

"The destructive fires in the mountains and canyons back of Pasadena write, in the red accents of ruin, the lesson of the extreme importance of giving all the protection possible to forest reserves against the ravages of flames. The dryness of everything inflammable in the forest reserves and the prevalence of a stiff wind made the fires in Pasadena's watershed uncontrollable. All that human ingenuity and energy could do has been done to save the timber and the homes in the path of the roaring conflagration.

The forest reserves of Southern California never have been better protected by alert and intelligent ranger service than they are now. Carelessness with fire in the reserves has been reduced to the minimum. But, despite the very best possible patrolling, notwithstanding the vigilance of the guardians of the safety of the reserves, fires will start occasionally, particularly in a period of extraordinary dryness. And flames carried along by high winds defy the efforts of fighters to stay them.

This is the lesson of the hour that should impress itself upon all who visit the forest reserves: Exercise the most scrupulous care with fire, at all times and in all circumstances. Keep always in mind that you, or some one with you, may, by a bit of negligence, start a conflagration as ruinous as the one which has raged in the mountains rearward of Pasadena. Carry in your mind a picture of yourself as the potential cause of a fire that would wreak destruction to property and possibly take human life. This realization should make one soberly thoughtful and diligently careful with fire.

As the regions contiguous to the mountains and forest reserves become built up, the responsibility of protecting the reserves against fire is heightened. A big conflagration now threatens tragedy.

Home-made Candles at home-made prices. Nougats, fudges, creams, brittles. Lion Kandy Kitchen, 211 West Fourth St.

The Rats

Hoover on High Prices

(From San Francisco Bulletin)

Herbert Hoover is more than hopeful, he is positively convinced that prices are about to fall. Indeed, he declares they have already dropped considerably, and he even goes so far as to express the fear that "the prices of staples may go too low and seriously injure the farmers of this country."

As Food Administrator for the United States Hoover is in intimate touch with the international bearings of the cost-of-living problem. He sees it as a world question, and knows that it can never be settled anywhere until it is practically settled everywhere. No nation lives unto itself, and in the matter of prices more than in anything else each is affected by general world conditions.

Merely as a prophet Hoover would be entitled to respect. The conservative press has denounced him as an autocrat, a bureaucrat and various other kinds of "crat," but as he delivered the goods to our allies in their hour of need, so has he "come through" with most of his predictions.

But in this case he is the prophet who furnishes both satisfactory and satisfying reasons. He points to the prospective raising of the

German blockade as having inspired "tremendous speculation in foodstuffs in this country as elsewhere." "On September 1 last, a greater supply of foodstuffs was stored in this country than ever in its history." But the European demand has not been nearly as enormous as was expected, and the hoarders are compelled to unload. Europe learned how to live on little in the days of the war, and the habit is being carried into the days of peace. Her people want a square meal, but they are willing to wait until they can raise it themselves, and are bending every energy to food production. Because they are trying to live within their incomes the American speculator finds himself badly "stung."

The most hopeful aspect of falling prices is relief to the labor situation. Wages do not rise as rapidly as prices, but neither do they fall as quickly, and with prices falling, wages, real wages, will automatically rise—that is to say, their purchasing power will be increased—even if they remain stationary. Any relief in the price situation will brighten the industrial outlook.

Worth While Verses

E. PLURIBUS UNUM.

Though many and bright are the stars that appear
In that flag, by our country unfurled—
And the stripes that are swelling in majesty there
Like a rainbow adorning the world—
Their light is unsullied as those in the sky,
By a deed that our fathers have done;
And they're leagued in as true and as holy a tie
In their motto of "Many in One."

From the hour when those patriots fearlessly flung
That banner of star-light abroad,
Ever true to themselves to that banner they clung,
As they clung to the promise of God;
By the bayonet traced at the midnight of war,
On the fields where our glory was won—
Oh, perish the heart or the hand that would mar
Our motto of "Many in One."

We are many in one while there glitters a star
In the blue of the heavens above;
And tyrants shall quail, mid their dungeons afar,
When they gaze on that motto of love.
It shall gleam o'er the sea mid the bolts of the storm—
Over tempest, and battle, and wreck;
And flame where our guns with their thunder grow warm,
Neath the blood on the slippery deck.

Then up with the flag! Let it stream in the air
Though our fathers are cold in their graves;
They had hands that could strike, they had souls that could dare,
To do and to die. Where it waves,
The emblem of justice and freedom for all,
Our millions shall rally around;
And a nation of freemen that moment shall fall
When its stars shall be trailed on the ground.

—By George Washington Cutter.

Globe Tires

Guaranteed 6000 Miles

Hand made Globe Tires cost about 10% more than ordinary machine-made tires, but they give you about 50% more miles. Figured on a mileage basis, they are the most economical you can buy. Most tires are made by machinery. Globe Tires are built by hand. It takes longer and costs more to manufacture tires that way. But the extra time and extra care give results in added mileage all out of proportion to the cost.

Men's Clothing

"Many a horse is good in the stable but a terror in the field." So, too, Clothing may be a delight on the shelf, but of no value when you start to wear it.

In this age of high prices, garments are often slighted in order to bring down the cost. Such clothing is dear at any price. We carry only garments that we can conscientiously recommend. Suits, and Overcoats for men that will wear as well as they look. Excellence is sewn into every seam. Prices are reasonable.

Carefully Selected

Haberdashery

is necessary to complete the wardrobe of the fastidious dresser.

In this department we are equally well prepared to meet the requirements of men and young men, and especially attractive is our showing of fall and winter goods.

More Boys in Junior College

The Junior College enrollment this year shows a decided difference from those of previous years, as more than half are boys, there being fifty-one students in all.

A rousing assembly, the first of the year, was held last Tuesday, when officers for the coming year were elected, following the reading of the constitution for the benefit of the new students.

The officers chosen are: President, Myrtle Klahn; vice-president, Malcolm Finley; secretary, Beatrice Anderson; treasurer, John Hayes; forensic manager, Travis Anderson; athletic manager, George McClelland; J. C. reporter, Margaret May.

A better cabinet to conduct them through the year could not be wished for as the staff is made up of capable young men and women, and with the rest of the student body behind them, interesting things and marked advancement can be expected from the college.

Principal Hammond told of his hopes for a separate J. C. building in the years to come, and also stated that the J. C. was to be kept up at any cost. This necessarily works more or less of a hardship upon the teachers, with the addition of more work, the inconvenience of changing rooms, etc., and the students are strong in their resolve and sincere in their desire to make up for the privilege of having a Junior College.

Successful Reception

A successful reception was given the Jefferson school teachers yesterday at the home of Mrs. Alex Brownridge by the Parent-Teacher Association with Mrs. Brownridge, Mrs. Edmund Snow, Mrs. Goodrich and Mrs. Mary Robertson, officers of the association, as hostesses.

The hours were principally devoted to afternoon pleasantly informal.

Mrs. Liebig presided at the punch bowl.

Teachers present were the principal, Miss Barclay, Misses Eunice Jones, Esmer Copeland, Helen Reinhaus, Alice Clausen, Nannie Laughhead and Helen Roberts.

Ladies' Aid Meeting

The South section of the Ladies' Aid of the Methodist Episcopal church met at the home of Mrs. C. E. Kellogg yesterday.

The quilting of a comforter for a needy family occupied the afternoon hours.

Celebrate President's Natal Day

Carlos S. Hardy, supreme president of the Fraternal Brotherhood, one of the most popular and rapidly growing fraternal organizations of today, had a birthday yesterday. He was 53 years old, but he was not aware that Santa Ana folk knew about the anniversary until after heading a grand march to the banquet room, he was halted in front of a mammoth birthday cake, topped with a pretty card bearing greetings from the lodge.

The meeting was an open one and no business was transacted. It was largely attended and after the officers were seated by the drill team, with its pretty figures, which were highly complimented by the distinguished visitor, he was escorted to the platform, together with E. H. Willard of Norwalk and G. O. Hudkins of Long Beach.

Frank Biggs sang beautifully two solos, "That Tumble Down Shack in Athlone," and "When You Look in the Heart of a Rose," accompanied by Mrs. Floyd Turner.

After enjoying coffee and cookies, brief talks were made by E. H. Willard and G. O. Hudkins, who highly praised the order and District Manager King, who gave away the secret that Carlos S. Hardy was 53 years old, having two birthdays, one by the family Bible on September 23 and the other by various astrologers September 25.

When the supreme president made his address, he stated that he was only 53 years young, he didn't care who knew it and he didn't mind having two birthday dates.

He told in brief of his birthplace in Louisiana on a huge plantation, the kindly feeling held by his family for the negroes of it and the plan carried out by his father of giving each of his faithful old slaves, heads of families, a plantation of their own of 100 acres, where many of them still reside.

MULTIGRAPHING

Room 203, Spurgeon Bldg. Phone 1546

The president stated that of all his work in teaching, lecturing or practicing law, he got more satisfaction out of fraternal work.

He stated that 95 per cent of property, homes and household goods is insured, but only 35 per cent of human life. People do not count the cost of their chattels but when it comes to their own protection, they immediately begin to complain of the outlay.

He explained the new "twenty-day" policy of the Brotherhood and said that the order had the best policies, the cheapest to be safe of any organization. He urged members to take an interest in the lodge and open meetings promptly.

Upon closing his address, Mr. Hardy cut the cake, done in yellow and white, the colors of the order, and generous slices were passed to his well-wishers, the supreme president making a generous portion home to his wife, who was not well enough to be present. The tables were decorated with golden glow.

Hall Bent

At the home of Mr. and Mrs. O. H. Maryatt on Chestnut avenue, Wednesday evening, Mrs. Emma Bent and Joseph Hall were united in marriage by the Rev. John Oliver. The home was prettily decorated for the occasion.

Mr. Hall is the brother of Mrs. Maryatt and before retiring from the Methodist ministry was a member of the Minnesota Conference. A resident of Oregon for twenty years, he moved here in July to make his home.

Mrs. Hall has lived in Santa Ana for four years and needs no introduction as her friends are numerous.

The couple expect to make their home for the present at 823 Van Ness avenue.

Married in North

Mr. and Mrs. William Barnes of North Tustin street announce the marriage of their daughter, Blanche Maria Barnes, and Donald Brown of Santa Ana, Wednesday, September 24, at Porterville, California. The young couple will be at home after the fifteenth of October in Santa Ana.

Pleasant Meeting

A very pleasant meeting of the McKinley P.T.A. was held yesterday afternoon at the school with about thirty mothers in attendance.

Hostesses were Mrs. Ralph Paul, Mrs. Tennock and Mrs. Fred L. Cole. Mrs. Paul entertained the company with a number of musical selections and after the transaction of business matters, a social hour was enjoyed.

Plans for a membership drive to be conducted next month are under way.

Plus Ultra Excursion

The girls of the Plus Ultra class of Zion Evangelical church went on a jolly excursion to Owensmouth recently, to spend the day with their president, Mrs. Arthur Hoefler, who has recently moved to that place.

The members took their dinner with them and during the afternoon were shown over the ranch.

Mrs. Hoefler was agreeably surprised when she was presented with a set of Pyrex ware, as a remembrance from the girls and as a token of the appreciation of her work with the class.

Woman's Missionary Society

The ladies of the Richland Avenue M. E. church are invited to attend a meeting of the Women's Foreign Missionary Society, Saturday afternoon, at the home of Mrs. Iva Webber, 425 South Ross.

Birthday Celebration

A family gathering at the home of Mr. and Mrs. W. C. Jerome last evening celebrated the birthday of Mr. Jerome's mother, Mrs. William Jerome.

The home had been decorated in pink and white for the occasion and an evening of music and visiting with many congratulations and best wishes for many happy returns of the day closed the celebration.

A birthday without a cake is hardly complete and a pretty one had been prepared for the honor guest to cut, with the appropriate number of candles to blow out for each wish.

Present were: Messrs. and Mmes. C. Stone and family, Ben Jerome and Son, the hosts, Mr. and Mrs. W. C. Jerome and family, and Miss Louise Jerome.

Visitors Surprise Him

R. G. Cartwright, manager for the Standard Oil Company, was given a very agreeable surprise last night, when, without having informed him of their intentions, his mother, Mrs. R. P. Cartwright, and his brother, Ensign A. B. Cartwright, arrived from New Harmony, Ind., for visits with him. Mrs. Cartwright will remain for several months. Ensign Cartwright, a graduate of Annapolis in 1916, has orders to report to the U.S.S. Idaho by October 15.

Physical Organization

An often discussed feature in connection with the high school, that of military training for girls, has become an established reality, under the name of the Girls' Physical Organization.

Miss Birdenia Henry, with the assistance of Major Carrier, started the organization shortly after the opening of school. The staff officers and captains for the six companies have already been selected and the companies are to be formed on this Friday by drawing names from a hat. The officers will arrange them in correct form, according to size.

A part of the periods will be devoted to military training, the rest to different games, and on Friday's there will be a mass drill on the campus.

Uniforms of white middies, dark skirts, stockings and tennis slippers have been adopted and are to be worn on drill days.

Officers are: Major, Holly Lash; adjutant, Violet Cook; quartermaster, Berthena Selway; ordnance officer, Anita Cox; sergeant-major, Margaret Wallace.

Captains, Misses Mignou Swales,

Mary Covington, Louise Duntley, Grace Dickey, Marlon Gerrard, Hazel Palmer.

First Lieutenants, Elizabeth Anderson, Edna Spencer, Louise Ford, Frances Walker, Ruth Walker, Dorothy Duggan.

Second Lieutenants, Dorothy Carothers, Mirrie Wilson, Irene Harlin, Helen Randall, Alice Strong, Lillian Lykke.

First sergeant, Dorothy Garstang, Edith Knox, Dorcas Jaques, Josephine Bull, Edna Palmer, Helen Mather.

Second Sergeant, Anita Cain, Helen Hankey, Jean Ross, Ruth Finley, Ruth Gatchell, Dorothy Sammis.

To Talk at Concert

Rev. Paul E. Wright has consented to tell, in his liminal way, of the musical life in war camps, at the meeting of the Santa Ana Musical Association to be held on Monday evening at the Congregational church, when the returned service men are giving a fine musical program.

Country Club Party

The regular Country Club card party will be held Saturday afternoon promptly at 2 o'clock, with Mrs. W. A. Flood and Mrs. Edward McWilliams as hostesses.

News From Berkeley

An interesting bit of news from the University of California shows that the young people who enter from Santa Ana are this year, as usual, among those who take an active and prominent part in student affairs.

Ralph Beals, son of Mr. and Mrs. N. A. Beals, is an associate editor on the staff of "The Occident," the college literary monthly, and also on the staff of the "Daily Californian." Miss Isabel Anderson is the managing editor of "The Occident." Miss Anderson has taken a very active part in college life since she entered, both in college journalism and athletics.

Visitors at Arden

Mrs. Ben Turner, Mrs. Alice Harris, Miss Rosa Boyd and Miss Katherine Edwards motored to Arden yesterday and spent the day with Mrs. James S. Rice, who is spending the week at that delightful resort.

Parish Party

All members of the parish of the Church of the Messiah are extended a cordial invitation to attend the parish party to be given by the ladies of the Woman's Auxiliary next Tuesday evening.

Dinner Courtesy

An attractively appointed dinner with Mr. and Mrs. C. B. Edenfield as hosts was the courtesy extended last evening to Mr. and Mrs. R. W. Walker, who are leaving the first of the week for Kingman, Arizona, where Mr. Walker will be connected with the bank.

Mrs. Edenfield used Cecile Brunner roses and maiden hair fern in the

decoration of her apartments in the New Meyer Hotel, and for the centerpiece on the table, where the guests gathered to enjoy the culinary artistry of the hostess. It was a most successful dinner, succeeded by an evening's diversion of cards.

Covers were laid for Messrs. and Mesdames R. W. Walker, Ransom

Reed, W. F. Menton, Walter Biddick, Mrs. L. Halladay, C. M. Cooper, and the hosts, Mr. and Mrs. C. B. Edenfield.

Best of all bread—Luxury Bread—at the Dragon.

SPANISH CLASSES

I will organize classes in Spanish on Tuesday, Sept. 30, at 7:30 p. m. at my home, 211 South Birch St. Terms \$3.00 for eight lessons, strictly in advance.

MRS. OLIVE LOPEZ.
Phone 386-J.

ALL
School

—Our showing of the new Suits, new Coats, new Dresses

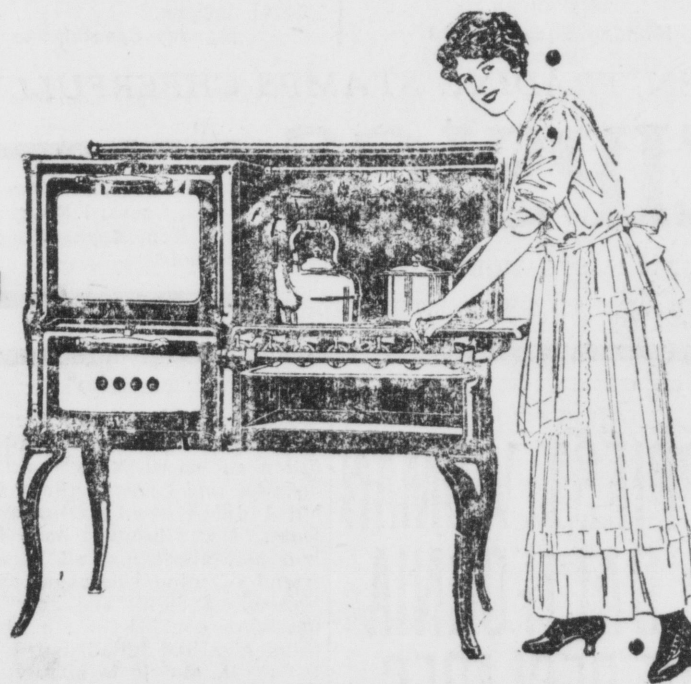

is exceptional considering the difficulty of the present season. Only our connections with the best of the producers has enabled us to show high quality garments in authoritative modes in such a complete range. We call attention to the fact also that since our orders were placed there have been sharp advances, and our garments are all priced on basis on which they were bought.

—The New Suits, shown in handsome Silvertones, Crystalones, Tricotines, and Serges, in both the straight lined, or semi fitted models. A special line for "Stout" figures in sizes ranging from 43 to 51 is available this season.

—Delightfully designed Dresses, both in silk and woollens each with just that touch of the artist that sets it off from its neighbor. Satins, Charmeuse, Messalines, Taffetas, Jerseys, Serges, Tricotines, Tricollettes.

—Simple Perfection in line and making seems to be the style standard to which Coats conform. You will be delighted with the richness of the materials and gracefulness of the design, and the soft colorings shown for Fall. Fur collared or self collared models are both correct.

—New Leather Coats, of "Sturmo Leather," exceptionally soft and pliable and durable, and lined with fabric Chamoi that is impervious to the most biting wind—these are Auto Coats "de Lux." We show three lengths, short, medium and three-quarters in rich dark tans, at \$50.00 and \$55.00. The manufacturers guarantee these coats to be genuine leather of the highest quality for this purpose—material that should last as long as you want to wear the coat.

SAVES GAS
You never waste gas. The
Regulator turns on just the
right amount.

SAVES GAS
You never waste gas. The
Regulator turns on just the
right amount.

Direct Action Gas RANGES

OVEN HEAT REGULATOR—SAVE GAS

A great feature of the Direct Range is the Heat Regulator which makes it possible to maintain any certain fixed temperature in the oven while baking. A thermostat with a few simple mechanical parts is used in regulating these temperatures.

Direct Action Gas Ranges derive their name from the basic principles that govern their construction. The principle is that of heating the oven by direct radiation instead of indirect radiation as is the practice in other makes.

The Direct Action Oven burner is placed directly in the oven; thus at one stroke doing away with all flue walls and oven bottom. There is nothing intervening between the heat of the burner and the oven.

Stoves are attractive and of serviceable construction.

We have just received a shipment of these excellent stoves and would be very much pleased to have you call and inspect them.

ADVANTAGES

The entire operation of using the heat regulator consists solely of setting the wheel at the indicator notch for the desired oven temperature.

The most wonderful advantage of all, the oven regulator enables the housewife to enjoy results if not surpass the best fireless cooker.

A whole meal can be cooked in the oven at one time without any preliminary preparation.

DROPS DEAD IN ARMS OF HER HUSBAND

Mrs. Warren A. Wheeler of Garden Grove Is Victim of Heart Failure

GARDEN GROVE, Sept. 26.—"Oh Warren, I feel that I am dying!" exclaimed Mrs. Warren A. Wheeler as she arose from the supper table last evening at her home here. She sank to the floor as he seized her in his arms and died a few minutes later. Heart trouble was the cause.

Mrs. Wheeler, who was 29 years of age, had apparently been in her usual health and had never showed any signs of heart trouble previously. The body was taken to the undertaking establishment of Smith and Tuthill in Santa Ana.

Mrs. Wheeler was married about nine years ago in Colorado, her home state, and came here with her husband about a year later. Mr. Wheeler is a partner of David Meyer of Santa Ana in a meat market here and has conducted the business for eight years. Mrs. Wheeler leaves two children, Agnita, aged six, and Stanley, aged four years.

She was one of the best known and highly respected residents of Garden Grove and the community was greatly shocked by her sudden death. She was a member of the Garden Grove Methodist Episcopal church and took much interest in church activities.

Funeral arrangements will be completed today.

NAVY OFFICE IS MOVED TO 107 EAST FOURTH

The U. S. navy recruiting station, which was formerly at the city hall, will open up in a new office at No. 107 East Fourth street, in charge of J. F. Hedrick, C. C. M., who has just arrived here from the main station at Los Angeles. Hedrick has been for many years in the navy and will be able to give any information in regard to this branch of the United States service and its many advantages.

"The navy is open for enlistments at the ages from 17 to 35 for two, three and four-year enlistments, and is offering the young man of today a chance to choose any station or ship of his choice on the Pacific coast," says Hedrick. "There are many opportunities in the navy for the young man who is interested in aviation, as no experience is necessary. He will be sent to one of the many aviation schools, where he will be given a thirty-two weeks' course of instruction and have the opportunity of taking up any line he is best qualified to fill."

COOK BOOK FOR WALNUT'S USE BE ISSUED

Recipes to Play a Part In Advertising Diamond Brand Product

In the future when the American housewife wishes to concoct a particularly appetizing dish to tempt hubby's palate, she will take down the California Walnut Growers' Association cook book and select one of 100 delicious walnut recipes listed therein.

To be sure that her dessert or salad or nut bread or whatnot is of the very best, she will call up the grocer and order "a pound of those fine walnuts from California—Diamond Brand."

All of which is by way of saying that the California Walnut Growers' Association is planning to issue a cook book containing proven walnut recipes which some of the best cooks of the country have submitted. This cook book will open up new uses for walnuts in general, but as manager Burke of the Santa Ana Walnut Association points out, it will at the same time impress upon the housewife the superiority of "Diamond Brand" nuts and make it more and more desirable for growers to be members of this big, non-profit, co-operative service and marketing organization.

This walnut cook book will have a place in the 1919-1920 advertising campaign by which it is planned to increase the consumption of "Diamond Brand" California walnuts sufficiently to take care of the state's bumper crop and to insure growers against a break in prices due to over-production.

The California Walnut Growers' Association since its organization some seven years ago, has come into prominence as one of the most successful of California's co-operative producers' organizations, and it is largely through the efforts of this body that the state's walnut industry has attained its present stable position.

Since the central association markets more than 75 per cent of California's walnut crop, it is able to offer its eastern agents a larger volume of business than independent shippers and thus reduce the per ton cost of handling.

HAPPIEST WOMAN IN CALIFORNIA SHE DECLARES

Mrs. Smith Says It Would Be Ungrateful Not to Tell Others of Tanlac

"I believe I'm the happiest woman in California today, and it's all because of what Tanlac has done for me," said Mrs. Eugene Smith, residing at 680 West 52nd street, Los Angeles, in conversation with the Tanlac representative, who had heard of her remarkable recovery and called at her home to obtain the facts. Mrs. Smith is other lodges and is very prominent socially. Her husband holds a responsible position with the Southern Pacific Railroad.

When asked if she objected having her statement published Mrs. Smith said: "No, indeed go right ahead and put it in the papers—it would be ungrateful not to tell other suffering people about this wonderful medicine." Continuing she said:

"For six years I suffered from a complication of troubles, which finally developed into a general breakdown. I had awful pains around my heart which I was told was caused by pleurisy. My kidneys seemed to be affected, too, and I had constant pains in my back. My neck and shoulders would get stiff at times and my limbs would swell and ache so I could hardly walk. I was told once that my trouble was caused by the condition of my teeth, so I went to a dentist and had them all treated, but I got absolutely no relief. I took all kinds of medicine and treatments, but just continued to get worse all the time, and I hardly ever had a minute's peace. I was so nervous that even the ringing of the door bell would completely upset me, and it seemed impossible to get a good night's sleep. I was losing strength

rapidly and fell off until I only weighed one hundred pounds. Finally my condition got so bad they took me to the hospital and I stayed there six weeks, but I didn't seem to improve in the least. I was brought back home, and had just about lost all hope, when a friend of mine suggested that I take Tanlac. I didn't see how it or any medicine could help me after everything else had failed, but I consented to try it, and it is simply wonderful what this medicine did for me. I began to feel better after the first few doses. My nerves became calm and I could sleep better. As I continued taking the medicine all the pains in my back, sides, shoulders and limbs disappeared, and my strength was returning rapidly. By the time I had taken four bottles of Tanlac I felt as well and strong as I ever did in my life, and when I got on the scales I was surprised to see that I had actually gained eighteen pounds. My kidneys seem to be in perfect condition, and I'm a different woman. All my friends and neighbors are talking about my wonderful improvement, because they knew of the dreadful condition I was in before taking Tanlac. My husband is just as happy over my improvement as I am, and says Tanlac is the most wonderful thing he ever heard of. The results from Tanlac must be permanent, for it has been four months since I took my last dose, and I feel as well now as I did then. If everybody knew what a fine medicine Tanlac is there would be less suffering in this world."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Hilbert, in Huntington Beach by Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Regal Drug Co., in Garden Grove by O. H. Anderson and in Laguna Beach by Laguna Beach Pharmacy.—Adv.

Doctor Issues Warning And Tells How to Stop Tobacco Habit

New York: Dr. Connor, formerly of Johns Hopkins Hospital, says: "I am often asked if I know anything to stop the tobacco habit and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit-forming drugs, is absolutely harmless and produces astonishing results in a very short time. The use of tobacco saps the vitality, vim, vigor and ambition of the slave who is enthralled by its seductive effects. It undermines the health and leaves the victim an easy prey to general debility, throat and lung troubles, nervousness, insomnia, heart trouble, kidney trouble, headache, tongue and lip cancer, and even blindness. Physicians the world over often trace the start of the above diseases and many others to nicotine poisoning. If you want to free yourself from to-

bacco go to any drug store and ask for Nicotol tablets. Take one tablet after each meal and in a short time you will have no desire for tobacco—the craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve. Note: When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit—away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Rowley Drug Company.

Baseball and General Sport

STAGE SET FOR GRID TUSSLE TOMORROW

Polytechnicians Confident of
Being Able to Smear
Citrus Union

Everything is in shape for the Santa Ana and Citrus Union high school pigskin artists to mix up to tomorrow afternoon at 3 o'clock. Little is known as to the kind of team Citrus Union has, but Poly has a team to be proud of, and any bunch that goes up against it, is not going to have an easy time of it.

With three weeks' practice the team has made a wonderful advance. Daily scrimmages have been in progress for more than a week, which has put the team in surprisingly good shape. The plays are being run off smoothly, and with the addition of several new ones, the last few days, an excellent variety is assured.

The team has been pretty well picked out, but there are still a few positions in doubt, and as time goes on some good man is sure to show up. In Spangler, Plavan, Cock and Taylor there is a back field that is going to cause a lot of trouble before the season is over. Spangler is one of the fastest men in the south, Plavan very shifty as well as fast, Cock a hard line hitter and hard to tackle, and Taylor an all around man with plenty of ability to handle the team. This combination is hard to beat, and should develop into one of the best backfields in the south.

The line is proving to be exceptionally good. Without the ends it averages more than 170 pounds, and the seconds have found considerable trouble in penetrating it. The ends are turning out better than was expected at the first of the year. Six men are now in consideration for the outer berths, all being determined to get it.

Those who will get a chance to show what they are worth tomorrow are: Center—Lehard and Denning. Guards—Kenneth Dungan, Millen, Clard, Wardlow, and Walter Dungan. Tackles—Crawford, Scally, Westgate and Harding.

Ends—Hilliard, Stark, Remsburg, Arkley, Coffman and Westgate. Quarter—Taylor, Williams and Wilcox.

Half—Plavan, E. Best, Elliott, Best and Spangler.

Full—Cock, Carrier and Strong.

ORANGE SQUAD AT INGLEWOOD TO MEET TEAM

Fast and Snappy Game Is Anticipated In the Second
Game of Season

ORANGE, Sept. 26.—The high school football team went to Inglewood this afternoon for the second game of the season with the high school squad at that place. Only after strenuous efforts was a game secured for this week and the locals have a full schedule ahead from now on. The team this week is weakened by the loss of Clabby out with a slight injury, and Loescher at present ineligible under a C. I. F. ruling. Loescher was not in school last semester, being out on account of the influenza, and his case will come up before the C. I. F. at a meeting scheduled for Saturday of this week. Walsworth at tackle and Dennis as substitute line man, are not on the field, being out of school on account of sickness.

The second team will play the first game of its season with Santa Ana on the home field this evening. Admission is free and a snappy game will be staged from all the done.

Santa Ana has a big squad out this year and the local seconds fought the first team to a stand still in a bitter 20-minute scrimmage. At one time they were held for downs on the high school 3-yard line and were only scored upon after a series of short plunges which finally carried the ball over at the end of the 20-minute period. The high school squad playing Inglewood will line up as follows: Carpenter, lb; Davey (O), lt; Isenbraun, Jensen, lg; Bird, c; Bathgate, rg; Walsworth, rt; Keuchel, re; Richards, Blank, qb; Stanfield, rbb; Foster, Taylor, lbb; Granker, tb.

FRANKIES FIGHT, DRAW
SAN FRANCISCO, Sept. 26.—Neither Frankie Farnen or Frankie Malone were willing to take a chance in their bout last night at the Coliseum. The affair was a draw. Monk Fowler lost every one of the four rounds to Eddie Murphy.

PHILS WIN AS GAVVY POLES OUT HOME RUN

Santa Ana friends of Gavvy Cravath today are elated over his performance in the Philadelphia-Brooklyn game yesterday. In which he knocked a home run, Gavvy's circuit clout came after a Texas leaguer by Neusel in the eighth inning and won the game for the Quakers by a score of 10 to 9. This stick work came after two home runs by Krueger had given Brooklyn a four-run advantage in the seventh and eighth innings.

FOOTBALL SEASON TO BE OPENED TOMORROW

NEW YORK, Sept. 26.—King Football will kick off in the opening of the 1919 season tomorrow.

Five eastern collegiate teams will make an early bid for recognition from a sporting world that is seething with world series interest.

Harvard meets Bates at Cambridge; the Army opens with Middlebury at West Point; Dartmouth battles Springfield Y. M. C. A. at Hanover; Brown lines up against Rhode Island state at Providence and Washington and Jefferson meets Geneva at Washington.

NEW ALTITUDE RECORD

DAYTON, O., Sept. 25.—For the third successive time Major R. W. Schroeder, chief test pilot at McCook Field, broke the world's two-man airplane altitude record when he ascended to an indicated height of 30,900 feet, or approximately six miles.

WHITE SOX HAVE EDGE ON REDS IN CATCHERS

Ray Schalk Declared Most
Dependable Receiver In
Either League

BY HENRY L. FARRELL
(United Press Staff Correspondent)
NEW YORK, Sept. 26.—What the old adage says about the "hand that rocks the cradle," baseball sages say of the hands that receive the pitcher's slants.

It is admitted that in handling the pitching, combatting the base work of the opposition and directing the field play of the team, the catcher has one of the most important posts of the defense.

In this department the White Sox are stronger than the Reds. Ray Schalk is one of the greatest catchers of the game. He is a hard worker, a fine general and judge of plays and his work in steadying pitchers and fielders makes him a more dependable player than any of the Red receivers.

Schalk caught the entire series of 1917, batted .263, fielded .949 and held the Giants to four stolen bases in the six games. He has worked in 127 games this season and has batted .274, the best mark he has made in the last three years.

Ivy Wingo and Bill Radiden have alternated through the season for Moran. Wingo is but one point behind Schalk in batting but he is the inferior by a wider margin in base running and general work. On account of previous experience in big series Radiden never got the call from Moran.

Not Yet Forgiven
He caught five games of the 1917 series after McCarty had been hurt. He batted .355, fielded 1.000 and held the White Sox to six stolen bases. But his generalship was below par. New York fans to this day have not forgiven him for leaving the plate unguarded in the sixth game when Heinie Zimmerman pulled his historic feat of chasing Eddie Collins across the pan. His stick work this season has been around .212.

Schalk has worked so much this season that Bryd Lynn, the second string catcher, hasn't had much of a chance to show himself. He has worked in only 24 games this year and has a batting average of .220.

Nick Allen, the second string man of the Moran fold, has warned the bench all season. He has a very slight chance of getting into the series.

Schalk can be depended upon to handle any situation that arises in the series. He is a dangerous man with the bat and a puzzle on the bases. All of which gives him weight enough to outbalance either of Moran's selections.

\$20,000 FIGHT OFFER.

TRENTON, N. J., Sept. 26.—An offer of \$20,000 was made today by the Trenton A. C. for a Benny Leonard-Lew Tendler eight round bout to be staged here in November.

'Round Coast League Bases

Weakness in fielding caused the Bees to lose to the Tigers, 8 to 2. The Tigers are three games lost behind the Angels for first place.

The Seraphs opened the series in Seattle with a 6 to 1 win over the Rainiers.

The Beavers drove Piercy from the mound in the fifth and downed the Senators, 6 to 4.

The Seals won the first game of the double bill, 3 to 2. It was a 12 inning affair. The Oaks corralled the second contest, 6 to 1.

CALIFORNIA INDIANS WILL BE ORGANIZED

SANTA CRUZ, Sept. 26.—Minor Postmasters, members of the California branch of the National League of Postmasters, opened their annual convention here today to last to Sept. 30.

Only third and fourth term postmasters are attending this convention. The retirement of C. F. Keller of Inglewood on his own motion as president of the California branch will be completed before the end of the sessions. Keller has been president of the state branch since its organization. John F. Cowgill of San Carlos has been mentioned as his possible successor.

(Mr.) Ivie Stein

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

Dizziness Causes Fall—Head Injured

"A year ago my stomach bloated so badly with gas that I fell unconscious and cut my head badly on corner of door. I had suffered from stomach trouble for several years and no medicine helped me to speak of. A druggist patched up my head and advised me to take a wonderful remedy for my stomach trouble. The results have been really wonderful. I have never had any sign of my former symptoms since." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At druggists everywhere—Advertisement.

WANTED

Women of Good Address With House-to-house selling experience, to travel, demonstrate and sell consumers through dealers; those who object to soliciting from door to door and making deliveries when necessary need not apply; those with autos preferred.

Those who work six hours daily, and produce results will quickly build up a permanent, paying business and be independent for life.

Our goods are conspicuously superior, priced right, give perfect satisfaction, and under our special plan of introduction have been sold with startling rapidity by the women who have placed them; and they "repeat" continually.

We want to hear from those who have the desire, ambition, energy, capability, intention and determination to be successful in whatever they undertake; from those who have a record of success; from those who realize the importance, value and necessity of selling goods with a reputation—goods that will make a reputation for those who sell them; from those who will appreciate a paying position with an out-of-the-ordinary organization, with special selling plans insuring success.

When writing please give full particulars covering past experience.

Make all applications by mail and in person. If you include references it will save time.

Income is based upon results, from \$100 to \$400 a month; your ability and efforts determine the amount of your income.

TRIAL REVEALS MOTHER'S PACT TO SAVE SON

Mortgaged Property So As to Raise Money to Defend Loved One

During the trial of the action brought by Mrs. Trinidad Morales, in which she is the victor today, having been awarded judgment by Superior Judge Williams, quieting title to two lots at Anaheim, there was introduced in evidence an agreement entered into on May 9, 1917, whereby she and her son, Joe Morales, were to pay to W. H. Anderson, a Los Angeles attorney, \$800 for Anderson's services in defending Morales in a criminal action pending against him.

It was brought out at the trial of the suit to quiet title to the Anaheim property that \$250 cash was paid Attorney Anderson by Mrs. Morales and that she gave H. J. Angell, one of the defendants, a note for the balance, \$550, securing the note by a mortgage on the two lots. In rendering judgment the court established the woman's title to the property, subject to the mortgage.

Anderson was counsel for the defendants in the trial of the suit to quiet title.

During the trial it developed that the criminal action against Morales in 1917 was dismissed, following the refusal of witnesses for the prosecution to testify.

One feature during the hearing of the quiet title case was that Attorney Leonard Evans, of Anaheim, who instituted title action for Mrs. Morales, contended \$800 to have been paid for his services in defending Morales. Anderson maintained that the sum was a very reasonable attorney's fee under the circumstances.

M. W. Pierce was defendant with Angell in the action to quiet title. Pierce holds an interest in the mortgage in question.

One of the plaintiff's contentions was that she did not know the nature of the agreement she entered into with Attorney Anderson, at the time she signed.

ANAHEIM BOULEVARD SPEEDING CHARGED

Copies of complaints sworn to by County Motor Policeman O. K. Carr and on file today at the office of the district attorney, charge S. Kraemer, R. Wayman, C. C. Aldrich, M. T. Davidson, W. S. Lentz and R. Cole with driving faster than 35 miles an hour on the Anaheim boulevard.

Movie Folk Eloping To Santa Ana; Start On Honeymoon

ELOPING to Santa Ana to obtain a license from Joe ("Cupid") Backs, and to be married by Justice Cox, Eugene Boswell Grosset and Wanda Belle Parker, motion picture folk, of Hollywood, are on their honeymoon today.

The couple was very desirous of keeping their elopement secret. Asked for information as to what company they worked for, Grosset said:

"We don't want publicity. That's the reason we came here—to keep our friends from knowing about our marriage."

Grosset gave his age as 31 and Miss Parker gave hers as 30. The groom was born at Pittsburgh, Pa., and the bride at Fallbrook, Calif.

The ceremony was witnessed by W. S. Gregg, county aid commissioner.

POISON BARLEY DRIVES ROUT SQUIRRELS

Season's Crop Reduced 80 or 90 Per Cent Says County Rodent Man

Persistent and concentrated drives with poisoned barley have had the result in Orange county, particularly in the southern sections, of reducing this season's "crop" of squirrels 80 or 90 per cent, according to George W. Wardwell, county superintendent of rodent control, today.

Recent inspection trips made by Wardwell into the large ranch country centering around El Toro and Capistrano have convinced him that the constant work of eradicating the squirrels is having satisfactory results.

Possibility of damage by squirrels to trees planted along the highway in the southern end of the county has been practically eliminated, Wardwell states. The rodents on the ranches bordering the highway have yielded splendidly to the poisoned barley "treatment," according to Wardwell, and there is now little danger of a recurrence of the considerable damage done in times past to deciduous and other trees set out by the county forestry board.

The Forster and Echenique ranches, Wardwell says, are particularly free of squirrels. Conditions are also satisfactory on other large ranches, among them the Moulton, Whiting, Irvine and O'Neill ranches, according to Wardwell.

Only in one or two instances, Wardwell states, is he having difficulty in getting property owners to comply with notices to put out poisoned barley. In cases where owners of land refuse to take action, the work of putting out the rodent killer is done by the county and the expense charged to the person concerned.

DENTIST'S BILL CASE IS SET FOR TRIAL

Whether J. H. Lawrence of Huntington Beach, owes Dr. R. H. Chapin, dentist, \$2.50 or \$12 will probably be settled in the Superior court on October 7, Superior Judge Williams today having set the case for trial on that date.

The action is an appeal case that reached the Superior court from Huntington Beach township, Attorney L. W. Blodgett brought the action for Dr. Chapin in the beach court, asking \$10. Later in an amended complaint, Dr. Chapin demanded \$12, instead of \$10.

A quantity of shelled corn was attached, Attorney G. F. Kapp of Long Beach, moved to lift the attachment, claiming that the corn in question was necessary for feeding Lawrence's horses and cow, by which he made his living in part, and was not subject to attachment.

Justice Warner overruled the Long Beach attorney's motion. The defense put in an answer, saying that the bill was only \$10 to start with, and that Lawrence delivered four sacks of shelled corn to Dr. Chapin, by which the bill was reduced to \$2.50.

When the trial came, the defense failed to appear, and Justice Warner awarded judgment of \$12, with \$9.75 costs. Then the defendant's attorney took an appeal. Evidently the strong point of the appellant is the beach court's ruling as to whether or not the corn was necessary to Lawrence's livelihood.

Watch Monday's Register for the advertisement written by Miss Rash in Gerrard Bros.' ad. writing contest. You can help your favorite clerk win a nice prize by clipping his or her ad. and bringing it to one of the Gerrard stores.

The Fire of an Opal is descriptive of the fascinating effect obtained from one of the Gas Company's new winter fireplace heaters, the Radiantfire.

SEALED RECORDS HALT WIND UP OF ESTATE

Czarske Estate Petition to Distribute \$24,137 Continued to Dec. 5

Upon representations by Attorney Stanley M. Reinhaus that proofs of the heirship of Wilhelm Czarske, one of the claimants of a share of the \$24,137 estate of Mrs. Dina F. Czarske, are under seal at the Swiss consulate at San Francisco and will not be accessible until after the official declaration of peace, Superior Judge Williams today continued the hearing on the petition for the final distribution of the estate until December 5.

Wilhelm Czarske, said to be a brother of H. A. Czarske, who died about five years ago, is somewhere in the eastern part of Germany, according to Attorney Reinhaus. The exact whereabouts of Czarske is unknown, Reinhaus says.

It is presumed that proofs of Czarske's right to a share in the estate are at the Swiss consulate at San Francisco, though this cannot be definitely determined, Reinhaus states, until the records are unsealed, following the official declaration of peace.

Mrs. Czarske died on January 20, 1916, without having made a will. Fred D. Czarske of Redondo Beach and Mrs. May Erwood of Edendale, nephew and niece of Czarske, were awarded a court decision giving them control of the estate following a fight made by Gerhard M. E. Janssen of Anaheim, who claimed to be a nephew of Mrs. Czarske. Janssen lost his fight, the Czarske interests declaring that a sister of Mrs. Czarske in Germany had never married.

The German consul, representing Wilhelm Czarske, later entered the fight, seeking a share of the estate.

TO ARRAIGN MAN ON GIRL'S CHARGE OCT. 3

At the request of Attorney Fred Horowitz of Los Angeles, Superior Judge Williams today granted a continuance until October 3 at 9 o'clock in the matter of the arraignment of Calisto Lufon, charged with a statutory offense against Braulina Garcia, 12 years old.

SUE OVER NOTE

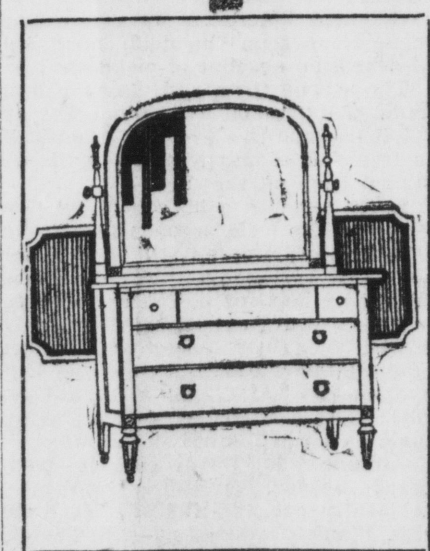

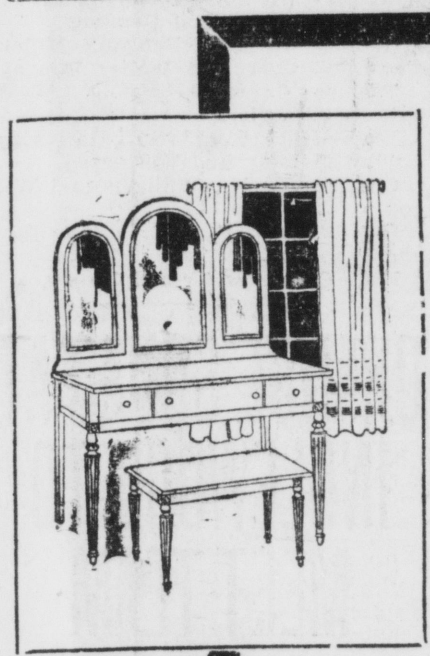

Attorneys Allen and Allen of Fullerton, on behalf of J. R. Carthart, today filed an action in the superior court against H. C. Hicks over a \$600 note dated at Fullerton on February 24, 1917. The plaintiff asks judgment of the principal of the note, together with \$201.12 interest and \$80.11 attorneys' fees.

Trial in Superior Court
Silverio Garcia, charged with a statutory offense against Carmen Valdesquez, 14, pleaded not guilty this afternoon before Superior Judge Williams. Attorney John A. Harvey was appointed to defend Garcia. Date of setting trial was continued until October 3.

Little Touches of Art That Beautify the Home

The taste that is displayed in selecting the smaller pieces of furniture that adorn the home quite often make or mar the appearance of the whole scheme.

Small pieces that blend well with the surroundings and lend just the right touch to the rooms are sometimes very difficult to obtain. We have given this subject very special attention. It is quite often that one small piece correctly placed will add just the desired effect, at a very small outlay of cash. Perhaps you would like to add a new touch to your rooms this season. You do not need any large pieces perhaps but you would like to freshen up the home a bit. We want to help you do it. We will take great pains in helping you select the pieces you require and we'll keep the cost down where it ought to be.

Consult our Curtain and Drapery Dept. It is very complete.

CIGARETTE BAN IS PLACED AT POLY HIGH SCHOOL

Rules Touching Immorality and Profanity Read at "Hello Day"

That Santa Ana High School is not going to tolerate cigarette smoking, immorality, profanity and a number of other offenses listed in the state law, was declared positively and forcefully at the high school assembly yesterday by Principal D. K. Hammond.

Every semester the students of the Santa Ana High, have a "Hello Day," the purpose of which is to get acquainted. Yesterday was official "Hello Day" and there was great confusion in "Poly's" spacious halls. When the students settled down to the assembly, Principal Hammond gave a resume of rules for the behavior of high school students.

As the students entered the "barn" for assembly, they were accosted by one or more persons, who asked them for a cent for which they were given a card. On one side of the card appeared the words, "Hello Day," in large red type. Inside were spaces for signatures and in no time these lines were full, which caused a clamor for more cards. This is an idea that has been carried out for a number of years and it is a great help to freshmen and new people from other schools.

Display School Spirit

The students of the Santa Ana High School are displaying a great deal of school spirit this year, as demonstrated in the assembly gathering yesterday.

The meeting opened with the singing of "America," led by Clarence Gustin.

Principal Hammond set down the rules of behavior before the incoming class and asked its members to follow the example of upper classmen in keeping perfect order at the assemblies. The present "auditorium" is not an ideal place in which to speak, as one's voice does not carry well. The speaker, he said, can see everything going on in the room. A paper passed back and forth, or a word spoken, distracts the entertainer.

The principal read to the students a few rules made by the state board in regard to cigarettes and other harmful stimulants. In the catalogue it is headed "Moral Supervision" and is as follows:

Supervise Moral Conditions

Principals and teachers of public schools, elementary and secondary, shall exercise careful supervision over the moral conditions in their respective schools. Gambling, immorality, profanity, frequenting saloons or public pool rooms, the use of tobacco, narcotics and intoxicating liquors on the school grounds, or elsewhere in violation of state law or local county or city ordinance, shall not be tolerated.

Whenever the principal of any school is informed that any pupil attending such school is committing any of the offenses hereinbefore mentioned, such principal shall direct such pupil to appear before him and if after an opportunity to be heard in his own behalf, such pupil is found guilty of any such offense by such principal, he shall be forthwith suspended from such school for such period as such principal may determine, not to exceed one week. Upon a secondary conviction of the same offense or of any other offense herein

(Continued on Page Ten)

Large Attendance Sought On County Day at Big Fair

NEXT Thursday will be Orange County Day at the Orange County Fair to be held at Huntington Beach. Secretary Metzgar of the Chamber of Commerce is arranging for an excursion of Santa Ana people to the beach city on that day and appeals for the co-operation of residents in making the Santa Ana representation one that will demonstrate to the neighboring city the interest this city has in the annual display of products of the best little county on earth.

All sections of the county will probably make special effort to induce attendance on Orange County Day, and indications are that the result will be a record attendance.

RALLY DAY FOR M. E. FORCES ANNOUNCED

The First Methodist church is planning for a great rally of its forces Sunday. This is to be rally and promotion day in the Sunday school, and the entire constituency of the church is being canvassed for attendance. The unit system developed in the centenary campaign is being used by the visitors.

The aim is to bring 600 in regular attendance into the Sunday school. The school is being perfected in its organization. New classes are to be organized and the whole work of the institution made more efficient. A distinctively young men's class is to be formed, and the Junior Baraca will take care of the boy graduates from the intermediate department.

The Sunday school board meets tonight at 6:30 for its regular monthly meeting. At this meeting the annual election of officers will take place. The nominating committee has been hard at work and believes it has named a fine corps of officers.

The program Sunday morning will be in charge of the Sunday school leaders, and will occupy the time of the regular morning service, but the pastor will be given time for an address in which he will review the work of the church, and make some statements as to plans for next year.

SOUTHLAND MECCA FOR MANY MOTOR PARTIES

ONTARIO, Sept. 26.—That the average Californian has absolutely no conception of the countless hundreds of people who are planning to come to the Coast during the fall and winter was the declaration today of George A. McCrea, vice-president of the Ontario National Bank, back yesterday from a 6000-mile tour of the Middle West by motor car, accompanied by Mrs. McCrea and their son, Alexander. Mr. McCrea asserts that his party literally encountered droves of motor parties headed for the land of sunshine.

Trained
"Have you the firmness that enables you to go on and do your duty in the face of ingratitude and ungenerous criticism?"
"I ought to have. I once cooked for a camping party."—Exchange.

ON FARMER TOUR 4 YEARS AGO, RETURNS TO LOCATE

Impressed By Section, R. E. Carswell Here to Buy Property

Here four years ago on the excursion of eastern farmers who were entertained by the Chamber of Commerce for a day, R. E. Carswell today is again in Santa Ana, and this time he is here to purchase property and become a permanent resident.

The tour of the eastern farmers attracted considerable attention. They were prosperous men of the East and the tour was arranged to show them the country of the West. They came here early one morning from San Diego, their special car being side-tracked and laid over here for the time. The Chamber of Commerce arranged an auto drive and entertained them in other ways, making their short sojourn here as pleasant as possible.

Carswell is from Oshawa, Ontario, Canada, and has been in the city two days. He called upon Secretary Metzgar of the Chamber of Commerce this morning, seeking information that might guide him in the purchase of property.

"We appreciated the courtesy shown us while we were here, and I was deeply impressed with this section by what I saw of it in the brief time we were here," said Carswell to a Register representative today. "I have been over several sections of the state since returning to it a few days ago, and I have seen no place that compares with this. This is a wonderful valley, and I am here to purchase a place and settle down as a permanent resident."

This is just another illustration of the value derived from activities of the Chamber of Commerce in entertaining groups of strangers and showing the section on automobile trips. Frequently it is heard that the benefit derived does not compensate the Chamber of Commerce for its work in organizing auto excursions in entertaining groups of tourists.

The men of the city who are active in the organization, and those who are in close touch with the work now know full well the value of such effort and results are more frequently in evidence than those not conversant with developments believe.

In the case of Carswell the leaves have been working for four years and there are many instances of people who are now local residents becoming identified with the city after more than four years after getting their first sight and impressions of the city and county.

SECRETARY REPORTS UPON LEAGUE WORK

Report of Social Service work for the month of August, 1919, as made by the secretary, Mrs. J. H. Leebrock, at the last meeting of the directors follows:

Number of calls at the office: In person, 204; by telephone, 77; total, 281.

Number of calls made by secretary: In person, 20; by telephone, 88; total, 108.

Number of persons applying for workers, 40.

Number of persons applying for work, 55.

Work found for 22 different persons 23 times through the month. A number of these places are permanent.

New names listed for work, only 12.

Number of cases handled through the month: New, 5; recurrent, 18; transient, 2.

Assistance secured: Material, 9; medical, 4.

Seventeen new names have been listed in the child welfare station, besides a number of re-examinations. We are anxious that every parent should realize that the work done at this station is not in any sense a charity, but an educational movement to focus attention on the physical well-being of the child. We have several special cases under regular attention, and if in any case it is impossible for parents to provide the medical care necessary, arrangements will be made for it. This station is open every Thursday from 1 to 2 p. m.

The county physician is at this office every Tuesday at 10 o'clock in the morning to look after cases falling under his care, and a number of persons have been taking advantage of this time to consult him.

A beginners' class in the FLETCHER MUSIC METHOD will be started about October 1. Call Pacific 1455 or see Miss Nell Isaacson, 422 W. H. Spurgeon Building.

Muscata Grapes, 4c per lb. TAYLOR'S Cannery, E. 4th St.

BOY BURGLAR OF 13 PREPARED TO KILL IF CORNERED

Lawrence Barbra, of Youthful Gang of Thieves, Arrested in Long Beach

Indicating his intention to commit murder should he be surprised or caught in close quarters while committing a burglary, Lawrence Barbra, Mexican lad of 12 years of age, of this city, was found in bed in Long Beach by officers of that city with a loaded .22 revolver lying by his side, according to the police.

Disclosures by him led to the arrest of Louis Jimenez, 12 years old, of this city, and cleared up responsibility for a series of daylight robberies that have occurred in this city recently. Both boys are at the detention home. Barbra's parents reside at Glorieta and Jimenez's at 631 South Main street.

That the boys were implicated in no less than five house robberies recently, was admitted by Barbra, the police say, and the officers believe that other jobs done here recently will be admitted later by the lads.

It was one of these boys who was in the home of Mrs. Thomas Howard at 519 East Fifth street when she returned from an errand to a store near by. She deposited her purse on the sink in the kitchen and went into another part of the house, where she found that bureau drawers had been ransacked. When she returned to the kitchen her purse was missing. A pair of opera glasses stolen from her home was found in possession of Barbra.

Stolen Revolver

The revolver he had, is one stolen from the home of W. F. Gully at 412 East Sixth street. Jimenez has been connected up with most of the burglaries. Barbra had 44 cents in his pockets when taken into custody.

Other robberies that have been admitted by the boys, or the officers have secured alleged positive proof of, occurred at the homes of Mrs. B. E. Bruns, 817 East First; E. B. Van Meter, 318 West Walnut; Miss Hazel Huntington, 316 West Walnut; J. T. Wilson, 329 East Pine, and Max Patterson at 210 South Broadway.

Cash was secured at some of the places and jewelry at others, the latter, it is presumed, being converted into cash. This morning the officers had been able to locate any of the loot nor to secure a statement from the boys as to what disposition they had made of it.

Barbra left home several days ago, when his mother gave him 10 cents with which to attend a theater. His mother, day before yesterday, reported the absence of the boy to the officers, and his arrest in Long Beach yesterday was the result of information sent to Southern California officers. He was arrested in a room at 127 East Side boulevard, some merchandise being found in the room.

A partial confession implicated Jimenez in the operations and the latter was arrested at school yesterday afternoon by Officer Stewart. Stewart and Murray of the city police force and Probation Officer Scott went to Long Beach and brought Barbra here.

SALVATION ARMY HAS EXCELLENT MEETINGS

The Salvation Army hall opposite the postoffice, is the scene of considerable activity these days. The revival campaign conducted by Capt. Giles of Australia, is gaining force and momentum, and Capt. Schute, the well known officer in charge of local operations, announces that there will be no abatement of the activity during the coming week. "In fact," says he, "next week's program is to be infinitely more interesting than the last. Capt. Schute is an accomplished cornetist and musician, having received his musical education in Holland. He renders numbers at all of the gatherings. Exceptional children's meetings have been held at 3:30 p. m. every day. The hall has been jammed with small fry to its utmost capacity. No less than eighty-five children won in the toe chain contest. The children's after-school meetings will continue next week. Capt. Giles will speak tonight at 8 on his experiences in France, Germany and Russia. His famous lecture, "My Memories of the War Lands," which has been heard by as many as 3000 people at one time, will be given later. Tomorrow another special meeting will be held and on Saturday night the evangelist will speak on "The Romance of the Salvation Army." A character sketch, "When a Man Ain't Got a Cent," will be given also.

Discouraging

Mrs. Newbridge: "When you found that you couldn't accept the invitation to our wedding, why didn't you send your regrets?"

Says Girls' Hair Too Fussy Beauty Spoiled By Many Should Make Study of Face

Miss Gladys Walton

Actress Asserts Puritan Type Ought to Adopt Simple Style

NEW YORK, Sept. 26.—Curls, waves and fussy, fluffy hair may be all right for some girls, but Gladys Walton, the pretty actress, wants none of them.

Miss Walton is of the opinion that many young women completely spoil their beauty by adopting some fussy style of hair dressing that does not set off their faces to the right advantage. She has nothing against curls and other frivolous styles for other women if they are becoming but she says the contour of the face should be studied carefully before any new type of hair dressing is taken up.

Miss Walton chooses a simple style of straight hair dressing to set off the wistful beauty of her face which is of the Puritan type.

"Any girl of this type of beauty," says Miss Walton, "should shun any style of hair dressing that deviates from soft, straight lines."

Just arrived—our glaze fruit, fresh from the factory. Dragon.

L. A. ARMY STORE TO BE OPEN TOMORROW

LOS ANGELES, Sept. 26.—The new general merchandise store to be conducted under the auspices of the local United States Army Quartermaster Depot will be open for business tomorrow or Monday, according to an announcement made yesterday by Lieutenant Colonel Penrose.

Since selecting the site at 335 East Third street, Col. Penrose stated, they have only been awaiting the arrival of the surplus army goods they are to handle and will begin today—if army trucks are available—to carry foodstuffs from the railway yards to the new headquarters.

Suencer Corset. 801 Spurgeon St.

CALL SENT FROM POMONA ASKS FIFTY MORE ACTIVE MEN

Exhaustion of Available Manpower In Valley Necessitates Outside Help

Pomona last night sent a distress call to Santa Ana and urged that a force be organized at once to assist in the battle with the forest flames that are devastating the canyons in the mountains near Pomona and doing untold damage to watersheds as well as private property.

The call came about 9 o'clock to Secretary Metzgar of the Chamber of Commerce to send fifty men in time to go to the fire region at 8 o'clock this morning, if possible, and if not possible to secure men by that time to send them to Pomona in time to go on the night shift leaving that city at 5 o'clock this evening.

Metzgar got busy and spread the news as best he could, personally making the announcement in the West End and Princess theaters and notifying others by phone. He deemed it impracticable to attempt to secure such a force for this morning and requested that those who would volunteer report to him some time before 4 o'clock this afternoon.

This morning he was informed from Pomona that the situation was pretty well in hand and that probably it would not be necessary to send men this afternoon. He was requested to continue with his organization and secure the names of all men who would fight fire so that in case they were needed they could be assembled quickly.

Young Men Volunteer

A number of young men volunteered their services this morning. Their names, addresses and telephone numbers are being filed for quick reference. A number of local automobile owners have volunteered their machines to transport the men to Pomona. Every man in this vicinity who will hold himself in readiness to respond to a call at any time during the day or night is requested to advise Secretary Metzgar.

"I believe the suggestion of C. E. McFadden at the Associated Chambers of Commerce meeting Wednesday night, that every section should organize a fire fighting force for an emergency, is a most timely one and one that every community should act upon," said Metzgar this morning. "I am going to take the matter up with McFadden at once in an effort to create such an organization in the county. While the fires may seem remote and of little concern to residents outside of the immediate districts in which a mountain fire might be raging, every property owner has a direct interest and should be concerned. Devastation of watersheds is a serious thing in Southern California."

(Continued on Page Ten)

Own Your Own Home

The United States Housing Corporation makes this statement:

"THE NATION NEEDS 1,000,000 MORE HOMES."

In each group of 2,000 persons in the United States one person is living in Orange County; therefore ORANGE COUNTY NEEDS 500 MORE HOMES.

What are you doing to help solve this peace problem.

H. D. Dreisbach Purchases
Bungalow Adjoining First
Methodist Church

ANAHEIM, Sept. 25.—H. D. Dreisbach, advertising manager of the Daily Herald, has purchased the bungalow residence property at 315 East Broadway, first place east of the new edifice being erected by the First Methodist church. The property was purchased of Miss Minnie D. Rehboldt, who has already given possession and has moved to her residence in Seal Beach for the winter.

The C. B. Berger Company has just sold for H. Billig, the ten-acre orange grove recently purchased by him from J. B. Lockwood, situated west of Anaheim on the county boulevard, to Carl Chillot of Garden Grove. The grove is highly improved and is considered a fine property. The Chillot will take possession just as soon as Mr. Billig can find a location in town.

John Kirsch has commenced the construction of a 7-room modern residence and garage at the southeast corner of Palm and Charters streets. The house will be modern in every detail and will cost about \$6,000. L. N. McMacken of Los Angeles is contractor.

Henry Heying, who arrived here a few months ago from Madison, Iowa, has decided on making his home in Anaheim and will build a modern home on a lot he has just purchased on North Lemon street in the Zeyn tract.

Solves House Problem
Wm. J. Heger of Zeyn street, has solved the house problem, at least as far as he is concerned. He has purchased a lot on North Lemon street and will erect immediately a six-room modern colonial bungalow. It is said that it will be the only one of the kind in Anaheim and will be an attractive addition to the city.

Tobin & Durkee report the sale of five acres of Valencia oranges on Richfield boulevard from Wm. M. Whitman to Fred Swaney and Mrs. Nettie Pearson.

Ross Brothers have sold a 15-acre orange grove at the corner of Placentia avenue and South street for A. E. Hargrove to O. M. Hobbs of Orange. Mr. Hargrove sold the grove in order to devote more time to business interests in Los Angeles. Mr. Hobbs will move to his new residence and further improve the property by installing a pumping plant. Ross Brothers recently sold a very fine grove southwest of Anaheim to Mr. Hobbs to Andrew W. Stewart of New York city.

A. H. Pape, who purchased the Eagles' hall on South Lemon street, is making extensive improvements to the property which he plans to make into apartments. This is one of the oldest and best built buildings in the city. Many years ago it was built and used for a private sanitarium.

Sell Hubbard Apartments
Henderson & Moore report the sale of the Hubbard Apartments, formerly known as the Paschal Apartments, on Emily street, to J. E. Stewart of Corona for a stated consideration of \$12,500. Mrs. Hubbard retains a lease on the building. Also to local parties the five-room bungalow home of Dr. S. J. Pascual, located on the South street tract.

Dr. S. J. Pascual and wife purchased through the same agency a 320-acre stock and grain ranch located near Raymond, Mariposa county, where they and their son, Murray Pascual, and wife will move next week to reside.

Dr. H. D. Newkirk, a new arrival from Rochester, Minn., has purchased through the Ross Bros. agency, the Mrs. E. H. Jennings residence on West Center street, and will take possession as soon as Mrs. Newkirk and the family arrive from the East.

Mrs. Margaret Murphy of Ontario, and daughter, Miss Frances Murphy, have purchased from Ross Bros. a lot on North Clementine street and will immediately begin the erection of a modern bungalow. Miss Murphy is connected with the U. S. Telephone Co. at Anaheim.

George Cook of Long Beach this week purchased the Lloyd orange grove at Garden Grove, consisting of twenty acres bearing Valencia and the acre walnut ranch owned by Bert Hayes of the same place. Mr. Cook represents Garden Grove on the central board of directors of the Walnut association.

Ranchers Want Pavement
Ranchers along Magnolia avenue have started a movement to obtain pavement for the two miles between Orangehorpe avenue and Lincoln avenue. Without exception, the twenty-five ranchers living along this road are said to be ready and anxious to have the improvement put in. They will ask the county immediately to proceed with the work, stating that they are ready to pay their share of the paving upon the same basis as similar improvements have been made elsewhere recently.

J. M. Heinz, formerly an attorney of Pocatello, Idaho, and just recently discharged from the navy as an ensign, has purchased the fine ten-acre orange grove at the corner of Santa Ana and West streets, formerly owned by C. A. Thomas. In the near future, Heinz will erect a fine new modern home on his recently acquired property. Later he expects to open a law office in Anaheim.

The Placentia Mutual Orange Association is having plans drawn for a big, modern packing house. Incidentally, the Placentia association is paying a compliment to the new packing house of the Anaheim Orange and Lemon Association by practically duplicating it, except that it will be ten feet wider.

Fred Little, who, with his wife, has been visiting at the home of Mr. and Mrs. L. C. Yoeman, has purchased a fine five-acre orange grove of W. G. Mason, located on West Broadway. Mr. and Mrs. Little are planning on making Anaheim their future home.

New York Woman Invests
Mrs. N. Finlay Parish of New York

5 Are Examined Here
For Fitness As
Tustin's Postmaster

EXAMINATION papers, filled out by five applicants for the office of postmaster at Tustin, were to go forward to Washington today, following a quiz conducted by L. F. Harvey, local civil service secretary, at the office of the county board of education, corner Church and Main streets.

Rules of the post office department forbid making public the names of those taking examinations for positions as postmaster. Those who took the examination here were required to have a residence of at least one year at Tustin, prior to taking the examination.

The applicants were required to answer five questions in arithmetic on one sheet. On another they were called on to write a letter. In a third they were to set down their educational and other qualifications.

Harvey stated today that it would be a month or six weeks before the result of the examinations is received back from Washington.

The position of postmaster at Tustin carries with it a salary of \$1100 a year.

city has purchased through Ross Bros. of the Orange County Realty Co., a ten-acre Valencia orange grove on West Ball road, from B. Miller. The trees are just coming into bearing and the grove is one of the most promising in the district. Mrs. Parish will immediately build a unique California bungalow and further improve the property with the intention of making this her home.

B. R. Shinn of Anaheim has sold a small, highly-improved orange grove at San Antonio Heights to Mrs. Nellie G. Mason. Mrs. Mason will move to her new home in the near future. The Shinn formerly lived at San Antonio but on account of having more extensive property interests near Anaheim, have decided to make their home here. The deal was made through the Orange County Realty Co. office.

Thomas Bock has sold his home place on North Olive street to Mrs. M. B. Cane. Mrs. Cane came to Anaheim about a month ago, realized the advantages of owning her own home in Anaheim and proceeded to buy at once. The transaction was made by Frank Baum.

MARINE CORPS MAN
PLAYS ON 'BAZOOKA'

NEW YORK, Sept. 23.—Did you ever hear of a "Bazooka"? Well, a Marine invented it. Sergeant Burn of the U. S. Marine Corps is the inventor of this Bazooka. It consists of two pieces of gas pipe, plus a tin funnel, a little axle grease and much perseverance. The Sergeant plays this instrument too.

Sergeant Burn is also the leader of the famous Marine Corps Melody Corps. He, and claims that they are the "Snappiest, jazziest aggregation of tune artists which any branch of Uncle Sam's service can boast."

The six "Jazzers" are at present in New York City, having just returned from a year's service in France and Germany. This jazz aggregation is going to tour the United States, and are at present helping Lt. Harry Miller, Officer in charge of the Marine Recruiting Station at New York, to recruit men for this branch of the service.

Sergeant Burn says that he and his musicians have tackled every kind of music from Berlin to Beethoven, but have yet to play a "Funeral March."

This "Outfit" consists of two violins, a banjo, a piano, drum, and the famous "Bazooka."

FORFEITS \$50 BAIL
Time in which to perfect his appeal having elapsed, M. J. Calderwood, found guilty by a jury in the justice court on September 4th of driving an automobile on the left side of the highway when the highway was not unobstructed for a distance of 100 yards ahead, today forfeited \$50 bail, which he had deposited prior to the trial. Calderwood is defendant in a civil action for \$5,700 damages brought by Warren W. Meyers, who lives at the Los Angeles Athletic Club. The action is the outgrowth of an automobile accident occurring on May 22, on North Main street, south of Chapman avenue.

We do hemstitching and picotting.
Miss Ruth Taylor, I. O. O. F. Bldg.

TRY MAGNESIA FOR
STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphate of magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphate of magnesia which you can obtain from practically any drugstore in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You will find that provided you take a little bisulphate of magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisulphate cannot injure the stomach, for in any way so long as there are any symptoms of acid indigestion.

RULES READ AT
HIGH SCHOOL'S
HELLO DAY

Principal Hammond Gives
Some Worth While Direc-
tions to Freshmen

(Continued from Page Nine)

mentioned, such pupil shall be suspended from attendance upon the schools of the state for the remainder of the current school term.

Whenever the principal of any school has any information that any parent or guardian of any school pupil is responsible for the commission of any such offense by such pupil, or that any other person, firm or corporation is encouraging any such pupil in the commission of any such offense or is responsible therefor, such principal shall forthwith report such information to the Juvenile Court of the county in which such school is located.

Will Be Some Jazz

It is said that a little jazz, but not a regular diet of it, will be found in the musical organizations of which C. A. Gustlin is the director. He is not a "strict high brow" and some lively music is expected to boost general enthusiasm in the school. The band, of which all are very proud, will help the "good sports" at all the contests, athletic or otherwise, during their respective seasons.

When the new auditorium has been erected, a great many worthwhile entertainments will be given there. Artists coming here now, object to the piano, and the impossibility of being clearly heard. A Steinway Grand, costing \$1750, will be furnished, and the stage will seat 276 persons, while the entire auditorium will hold 1542 people.

Announcements made during the meeting were those concerning the two political parties, The Poly Peppy Club, and another which was organized yesterday.

The first football game of the season was announced for tomorrow afternoon—Santa Ana vs. Citrus Union. The band furnished lively music to its listeners and from time to time a "little yelling" was heard at a distance.

POMONA ASKS HELP
TO BATTLE FLAMES

(Continued from Page Nine)

nia, where we are dependent largely upon irrigation.

"Devastation of the mountain growth is a double menace—the loss of timber and brush to check the waters rushing down the sides of the mountains in rainy seasons and storing it for summer use, and is serious. With the hills barren, the rain water will rush down the sides into streams, swelling them and causing them to do flood damage in the winter.

May Need Help Here
"The watershed of the Santa Ana canyon, from which the Santa Ana valley secures its irrigation water, is not affected by the present fires, but the time may come when such a fire will sweep this watershed and assistance will be needed from outside the valley. The present is an excellent opportunity for Orange county to demonstrate a neighborly and brotherly spirit by jumping in and helping preserve the watersheds that are vital to other communities."

There has been a big rush of sight-seers to the locations of the forest fires. They have become a nuisance and their machines block canyon roads that are needed for use by the fire fighting forces. Rangers are now making it a rule to draft men who appear at the fires as tourists. They are put to work fighting the flames and it has had the effect of checking their number.

It is said that more than fifteen hundred men are engaged day and night in the mountains in the vicinity of Pomona. There are two shifts, day and night, and the effort has been successful to some degree in checking the advance of the blaze.

PROPOSE VEGETABLE
PLANT, COYOTE WELLS

W. W. Conklin, formerly of Anaheim, is in Orange county for a few days from Imperial Valley, where he is now located. He is secretary-treasurer of a syndicate which proposes to enter upon the culture of watermelons, tomatos and onions on 1900 acres of desert land at Coyote Wells, twenty-six miles from El Centro, on the Valley-to-San Diego boulevard. Thos. E. Magee of El Centro is president of the company; Amos Adams and Ave Reed of El Centro, and Harry W. Krotz of Calexico, are directors. P. K. Morrow, brother of E. S. Morrow, of Santa Ana, is business manager of the concern.

The syndicate's holdings are within two and a half miles of the James oil well, Conklin declares, and prospects are bright for the development of a great new oil field there.

News from Orange County Towns

ORANGE COUNTY METHODISTS OF FAIR BOOSTERS FAIR TO OPEN THURSDAY

ORANGE MEET TONIGHT

GIVEN HEARTY RECEPTION

Excellent Program Arranged For Big Crowd Expected the First Day

Annual Reception and Meeting Will Be Held In Parlors of Church

Many Cities and Towns In County Are Visited By Auto Party

HUNTINGTON BEACH, Sept. 26.—Thursday, October 2, will be Orange County Day at the Orange County Fair in Huntington Beach. All products must be in place by 10 a. m. and the judging will begin as soon as possible thereafter. Inasmuch as the farm produce will be in excellent condition on the first day of the fair, many of the people prefer to attend that day. The Chamber of Commerce of several of the cities of Orange county are arranging for an excursion of their business men to the fair on the afternoon of October 2.

A splendid entertainment has been provided for the afternoon and evening of the Orange County Fair Day. Three vaudeville companies have been engaged in addition to music by the Huntington Beach Municipal Band. There is a prospect of the U. S. Army Band of San Diego being present also. The Mercury Aviation Company will have an aviator present each day who will give an exhibition over the fair grounds and will carry passengers if desired.

Friday, October 3, will be Educational Day. County Superintendent Mitchell has called the Teachers' Institute at Huntington Beach that day. This means that 500 teachers of Orange county will be present and perhaps a majority of the 10,000 children of Orange county schools. Superintendent Mitchell is to be complimented upon the selection of the time and place for the Institute as this will enable the teachers and children to attend the fair. The fair management has issued free tickets to all school children of Orange county.

Athletic Contests

One of the best programs of the fair management, aided by the school authorities, is the holding of the athletic contests among the school children. These contests begin at 1:30 p. m. Superintendent Mitchell has arranged for a prominent state educator to be present in the forenoon to deliver an address to the teachers and others who are interested.

Mr. Mitchell also states that many of the schools of Orange county will send in the best products of last year's school work for entry in the school exhibits. This will be one of the interesting features on display.

Saturday, October 4, will be States picnic day. People from all over the county and other parts of Southern California are planning to be present. Registers will be provided for the people of each state so that they may know of the presence of their old friends. The basket dinner will be held on the beach.

The local fair committee will provide tables, coffee, cream and sugar for the visitors. A splendid entertainment has also been provided for the occasion. Vaudeville singers have been engaged and the Shiloh Drum Corps, composed of G. A. R. men of Los Angeles whose average age is 75 years, will be on hand. Ex-Mayor Woodman of Los Angeles, Col. True and C. H. Parsons, secretary of the Federation of State Societies of Southern California, will deliver addresses.

At the same time the G. A. R. picnic for the Veterans of Southern California will be held. The old Settlers' picnic, primarily for the benefit of the early settlers of Orange county, will take place at the same time. Col. S. H. Finley of Santa Ana will have charge of this program. Saturday will be one of the biggest days at the fair.

Big Auto Show

One of the best features of the fair will be the auto, truck and tractor show. A fair sized tent was engaged for this part of the entertainment several weeks ago but on account of the unusual demand for space, the fair management has been compelled to get the largest tent available for the purpose. It will be the largest tent at the fair.

Kyle Howard, vice-president of the First National Bank of Huntington Beach, has charge of this part of the show. Mr. Howard stated that he is very agreeably surprised with the hearty co-operation given by the automobile men of Orange county and particularly those of Santa Ana. The Automobile Club of Southern California has reserved a large space in the tent and will arrange comfortable quarters for visitors to rest. A uniform system of decoration will make the tent and exhibitions most attractive.

Among the Santa Ana firms who will be represented in this part of the show are the following: Tonson & Wyatt, J. H. Christenson, L. G. Swale, J. G. Robertson, Hull Motor Company, C. H. McCausland, J. C. S. Garrick and C. M. Shook of Carriker & Crowl.

One of the most beautiful show gardens of Southern California is owned by the Huntington Beach Nurseries Company of which Joseph Vavra, mayor of Huntington Beach, is the president and general manager. This garden covers several blocks in the heart of the city and contains not less than 10,000 dahlia bulbs. Some of these flowers have been developed by Mr. Vavra and are among the most beautiful to be seen on any market or in any garden. Some of the 400 varieties are very scarce in America and a great many have been brought direct from Holland by Mr. Vavra. Estimating about ten flowers to the plant, Mr. Vavra says there must be not less than 100,000 dahlias in blossom. The visitors at the fair will have a splendid opportunity of walking through the gardens and seeing this most wonderful sight. Mr. Vavra will also have a very large exhibit at the fair and will represent Orange county at the Riverside fair the following week. The citizens of Orange county will be well

WESTMINSTER HAPPENINGS

WESTMINSTER, Sept. 26.—The Happy Workers enjoyed a busy, happy and successful day at the home of Mrs. W. T. Wardle, Wednesday. In response to a call for contributions of clothing for a family consisting of a mother and six young children left fatherless by the influenza last winter, many articles were received and the day was spent in repairing the old and cutting out and making new garments for them. Enough money was received to fit out the four little boys with new coveralls. The devotional service was conducted by Mrs. Vienna Donelson of Garden Grove. Forty-one adults were present, including Mrs. Belle Rogers and Mrs. Dean Johnston of Santa Ana. A dinner of pressed beef and chicken loaf, potato salad, green limas, jelly, figs and watermelon was served.

A very enjoyable Christian Endeavor social was held last Friday evening at the W. E. Smith home in the Alamitos district. The evening was passed in guessing conundrums, games and conversational ice cream was served cafeteria style. About thirty were present. Miss Elizabeth Smith, who was home for a few days, read the conundrums. She left Wednesday for Pomona, where she will attend college, this being her second year.

Mr. and Mrs. Henry Winters and son, Homer, of Wintersburg, and Mrs. Winters' sister, Miss Nettie Wilson, of Modesto, spent Monday afternoon with Mrs. W. J. Edwards.

Mr. and Mrs. H. B. Anderson and children, Mrs. C. Phillips and Miss Opal Stoves went to Los Angeles Saturday to see President Wilson and secured a good position to view the parade. The Andersons spent the night with Mr. Anderson's sister, Mrs. Mary Tilton. Mrs. Phillips with friends in Los Angeles and Miss Stoves with relatives in Monrovia, and all returned home Sunday afternoon together.

J. D. Byram and son, C. H. Byram, of Santa Ana, visited O. B. Byram and family Sunday afternoon. J. D. Byram has recently arrived from Louisiana for an extended visit with his son. This is the first meeting of these branches of the Byram family but it was decided, on comparing family records, that both families had a common ancestor, one of whose sons moved from Massachusetts to Tennessee in 1775, being the ancestor of the southern branch of the family. A coincidence developed during the visit, that J. D. Byram and O. B. Byram each had a daughter Marjorie born the same year.

Mr. and Mrs. Albert Kettler, who have been spending the summer here with relatives, started for their home at Blythe Tuesday afternoon. They expected to stop for supper with Mr. and Mrs. I. O. Newby at Riverside and spend the night at Hemet with Mrs. Kettler's brother, Harry Edwards, and family.

Mrs. George Abbott spent Sunday with her daughter, Mrs. Mattie Wilson. She was accompanied home by

THIS IS THE GOSPEL TRUTH!

Keep Your Insurance High Enough for Present Values

HOW about your insurance, are you carrying enough insurance upon your house and your furniture for these days of high prices?

This is the question asked by Santa Ana insurance men, who feel that many Santa Ana property owners will want to increase the amounts of their policies when the matter is called to their attention.

Say you insured your house three years ago for \$1500, and your furnishings for \$500. And now your house is worth \$1,000 more than three years ago and your furnishings have increased in value about \$300 or \$400.

Isn't it about time to increase the amount of your insurance in order to afford you proper protection? Ask your fire insurance man. He knows the situation and can easily tell you whether you ought to carry more insurance or not.

(From the Register of Sept. 25)

Thousands of Santa Ana people are not carrying enough fire insurance.

Are You Under Insured?

The chances are your policy should be increased.

NILSON TRACTORS
A Small Tractor For Big Work

Built in two models, Senior, and Junior—having 4000 and 3000 lbs. draw-bar pull. We estimate the Nilson to be the best Wheel Tractor on the market for open farm work, and we invite comparison. A bear to pull, light in weight, ample traction, no packing of the soil, easy to operate, but best of all low cost of maintenance.

There are many of these tractors in operation throughout Southern California and the work that they are doing is a credit to this meritable machine. We urge you to drop us a line for a Catalogue, also visit some of the owners of this machine, and see for yourself the work that the Nilson is doing—be your own judge.

AGENCY

We have some attractive agency propositions to offer in some districts to live wires who are desirous of making money. Liberal discounts. You had better see us at an early date, immediate deliveries.

HIGH GRADE USED AUTOS

The largest and most complete line of HIGH GRADE USED AUTOS to be found in the West. BUICKS, DODGES, HUMPHRIES, OVERLANDS, MAXWELLS, SAXONS, PEERLESS, PIERCE ARROW, CHANDLER, and many others too numerous to mention in this ad. The above stock consists of Roadsters, Tourings, Sedans, Coupes, and Run-about models—the best that the market affords. Let us show one of these late model cars. We will extend reasonable terms if necessary.

Batteries For All Makes of Cars

Having recently installed a Battery Department, we are in a position to furnish you with a battery for any make of car, at a saving of nearly 50 per cent yearly. Drop in and let us explain our guaranteed contract plan.
